CITY - STATE - ZIP Tampa Florida 33603	AREA CODE 813 PHONE NUMBER 877-0511 FREE NUMBER 800-627-8467		

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a bid for the same materials, supplies or equipment, and is in all respects fair and without collusion or fraud. I agree to abide by all conditions of this bid and certify that I am authorized to sign this bid for the bidder and that the bidder is in compliance with all requirements of the invitation to bid, including but not limited to, certification requirements. In submitting a bid to an agency for the State of Florida, the bidder offers and agrees that if the bid is accepted, the bidder will convey, sell, assign or transfer to the State of Florida all rights, title and interest in and to all causes of action it may now or hereafter acquire under the Anti-trust laws of the United States and the State of Florida for price fixing relating to the particular commodities or services purchased or acquired by the State of Florida. At the State's discretion, such assignment shall be made and become effective at the time the purchasing agency tenders final payment to the bidder.

AUTHORIZED SIGNATURE (MANUAL)
David H. Muar, Vice President, Sales.
AUTHORIZED SIGNATURE (TYPED) TITLE
March 21, 2001

GENERAL CONDITIONS

SEALED BIDS: All bid sheets and this form must be executed and submitted in a sealed envelope. (DO NOT INCLUDE MORE THAN ONE BID PER ENVELOPE.) The face of the envelope shall contain, in addition to the above address, the date and time of the bid opening and the bid number. Bids not submitted on attached bid form shall be rejected. All bids are subject to the conditions specified herein. Those which do not comply with these conditions are subject to rejection.

- EXECUTION OF BID:** Bid must contain a manual signature of authorized representative in the space provided above. Bid must be typed or printed in ink. Use of erasable ink is not permitted. All corrections made by bidder to his bid price must be initialed. The company name and SPURS vendor number shall appear on each page of the bid as required. (NOTE: If you are registered with DMS, your SPURS vendor number is located just above your firm's name on the label of the envelope transmitting this invitation.) Complete ordering instructions must be submitted with the bid. If you are not a registered vendor with the Department of Management Services, contact State Purchasing, 4050 Esplanade Way, Suite 360, Tallahassee, FL 32399-0950, (850)487-4634 immediately.
- NO BID:** If not submitting a bid, respond by returning only this bidder acknowledgment form, marking it "NO BID" and explain the reason in the space provided above. Failure to respond to a procurement solicitation without giving justifiable reason for such failure, non-conformance to contract conditions, or other pertinent factors deemed reasonable and valid shall be cause for removal of the suppliers name from the bid mailing list. NOTE: To qualify as a respondent, bidder must submit a "NO BID", and it must be received no later than the stated bid opening date and hour.
- BID OPENING:** Shall be public, on the date and at the time specified on the bid form. It is the bidders responsibility to assure that his bid is delivered at the proper time and place of the bid opening. Bids which for any reason are not so delivered, will not be considered. Offers by telegram or telephone are not acceptable. A bid may not be altered after opening of the bids. NOTE: Bid tabulations will be furnished upon written request with an enclosed, self addressed, stamped envelope and payment of a predetermined fee. Bid files may be examined during normal working hours by appointment. Bid tabulations will not be provided by telephone.
- PRICES, TERMS AND PAYMENT:** Firm prices shall be bid and include all packing, handling, shipping charges and delivery to any point within the State of Florida.
 - TAXES:** The State of Florida does not pay Federal Excise and Sales taxes on direct purchases of tangible personal property. See tax exemption number on face of purchase order. This exemption does not apply to purchases of tangible personal property made by contractors who use the tangible personal property in the performance of contracts for the improvement of state owned real property as defined in Chapter 192, F.S.
 - CASH DISCOUNTS:** Cash discounts for prompt payment shall not be considered in determining the lowest net cost for bid evaluation purposes
 - MISTAKES:** Bidders are expected to examine the specifications, delivery schedule, bid prices, and all instructions pertaining to supplies and services. Failure to do so will be at bidders risk. In case of mistake in extension the unit price will govern.
 - CONDITION AND PACKAGING:** It is understood and agreed that any item offered or shipped as a result of this bid shall be new, current standard model available at the time of the bid. All containers shall be suitable for storage or shipment, and all prices shall include standard commercial packaging.

- SAFETY STANDARDS:** Unless otherwise stipulated in the bid, all manufactured items and fabricated assemblies shall comply with applicable requirements of Occupational Safety and Health Act and any standards thereunder.
- INVOICING AND PAYMENT:** The contractor shall be paid upon submission of properly certified invoices to the purchaser at the prices stipulated on the contract at the time the order is placed, after delivery and acceptance of goods, less deductions if any, as provided. Invoices shall contain the contract number, purchase order number and the contractors SPURS vendor number. An original and three (3) copies of the invoice shall be submitted. Failure to follow these instructions may result in delay in processing invoices for payment. **INTEREST PENALTIES:** Payment shall be made in accordance with Section 215.422, F.S., which states the contractors rights and the State agencies responsibilities concerning interest penalties and time limits for payment of invoices. **VENDOR RESPONSE SYSTEM:** To access an interactive Voice Response System for vendor payment inquiry, Vendors may call (850) 413-7269 between 7 a.m. and 6 p.m. Monday through Friday to check on the status of payments by State agencies. The system can accommodate English and Spanish speaking callers. **VENDOR OMBUDSMAN:** Vendors providing goods and services to an agency should be aware of the following time frames. Upon receipt, an agency has five (5) working days to inspect and approve the goods and services, unless the bid specifications, purchase order or contract specifies otherwise. An agency has 20 days to deliver a request for payment (voucher) to the Department of Banking and Finance. The 20 days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved. If a payment is not available within 40 days, a separate interest penalty set by the Comptroller pursuant to Section 55.03 F.S., will be due and payable. In addition to the invoice amount, to the vendor. To obtain the applicable interest rate, contact the agency purchasing office. The interest penalty provision applies after a 35 day time period to health care providers, as defined by rule. Interest penalties of less than one (1) dollar will not be enforced unless the vendor requests payment. Invoices which have to be returned to a vendor because of vendor preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the agency. A Vendor Ombudsman has been established within the Department of Banking and Finance. The duties of this individual include acting as an advocate of vendors who may be experiencing problems in obtaining timely payment(s) from a State agency. The Vendor Ombudsman may be contacted at (850) 488-2924 or by calling the State Comptrollers Hotline, 1-800-848-3792. State Purchasing shall review the conditions and circumstances surrounding non-payment, and unless there is a bonafide dispute, State Purchasing may, in writing, authorize the contract supplier to reject and return purchase orders from said agency until such time as the agency complies with the provisions of Section 215.422, F.S.
- ANNUAL APPROPRIATIONS:** The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature

- DELIVERY:** Unless actual date is specified (or if specified delivery cannot be met), show number of days required to make delivery after receipt of purchase order in space provided. Delivery time may become a basis for making an award (see Special Conditions). Delivery shall be Monday through Friday, 8:00 a.m. to 11:30a.m. and 1:00p.m. to 4 p.m., excluding State of Florida holidays, unless otherwise specified.

6. **ADDITION OR DELETION OF TERMS OR CONDITIONS:** No addition or deletion of the terms or conditions included with the bid response shall be evaluated or considered and any and all such revisions shall have no force and effect and are inapplicable to this bid. If submitted either purposely through intent or design or inadvertently appearing separately in transmittal letters, specifications, literature, price lists or warranties, it is understood and agreed the general and special conditions in this bid solicitation are the only conditions applicable to this bid and the bidders' acknowledgment signature affixed to the bidder acknowledgment form attests to this.
7. **MANUFACTURERS NAME AND APPROVED EQUIVALENTS:** Any manufacturers names, trade names, brand names, information and/or catalog numbers listed in a specification are for information and not intended to limit competition. The bidder may offer any brand for which he is an authorized representative, which meets or exceeds the specifications for any item(s). **MEASUREMENTS:** Customary measurements appearing in the specifications are not intended to preclude bids for commodities with metric measurements. If bids are based on equivalent products, indicate, on the bid form the manufacturers name and number. Bidder shall submit with his bid cuts, sketches, and descriptive literature, and/or complete specifications. Reference to literature submitted with a previous bid will not satisfy this provision. The State of Florida reserves the right to determine acceptance of item(s) as an approved equivalent. Bids which do not comply with these requirements are subject to rejection. Bids lacking any written indication of intent to bid an alternate brand will be received and considered in complete compliance with the specifications as listed on the bid form. The purchaser is to be notified of any proposed changes in (a) materials used, (b) manufacturing process, or (c) construction. However, changes shall not be binding upon the State unless evidenced by Change Notice issued and signed by the State.
8. **INTERPRETATIONS/DISPUTES:** Any questions concerning conditions and specifications shall be directed in writing to this office for receipt no later than ten (10) days prior to the bid opening. Inquiries must reference the date of bid opening and bid number. No interpretation shall be considered binding unless provided in writing by the State of Florida in response to requests in full compliance with this provision. Any person who is adversely affected by the Agencies decision or intended decision concerning a procurement solicitation or contract award and who wants to protest such decision or intended decision shall file a protest in compliance with Chapter 28-110, Florida Statutes. Failure to file a protest within the time prescribed in Section 120.57(3), F.S. or failure to post the bond otherwise security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, F.S.
9. **NOTICE OF BID PROTEST BONDING REQUIREMENT:** Any person who files an action protesting a decision or intended decision pertaining to contracts administered by State Purchasing or a State agency pursuant to Section 120.57 (3), F.S., shall post with State Purchasing or the State agency at the time of filing the formal written protest or within the 10 day period allowed for filing the formal written protest, a bond payable to State Purchasing or the State agency in an amount equal to 1 percent of State Purchasing or State Agencies estimate of the total volume of the contract or \$5000, whichever is less, which bond shall be conditioned upon the payment of all costs which may be adjudged against him in the administrative hearing in which the action is brought and in any subsequent appellate court proceeding. For protest of decisions or intended decisions of State Purchasing pertaining to agencies requests for approval of exceptional purchases, the bond shall be in the amount equal to 1 percent of the requesting agency's estimate of the contract amount for the exceptional purchase requested or \$5000, whichever is less. In lieu of a bond State Purchasing or the State agency may, in either case, accept a cashier's check or money order in the amount of the bond. **FAILURE TO FILE THE PROPER BOND AT THE REQUIRED TIME WILL RESULT IN A DENIAL OF THE PROTEST.**
10. **CONFLICT OF INTEREST:** The award hereunder is subject to the provisions of Chapter 112, F.S. All bidders must disclose with their bid the name of any officer, director, or agent who is also an employee of the State of Florida, or any of its agencies. Further, all bidders must disclose the name of any State employee who owns, directly or indirectly, an interest of five percent (5%) or more in the bidders firm or any of its branches.
11. **AWARDS:** As the best interest of the State may require, the right is reserved to make award(s) by individual item, group of items, all or none, or a combination thereof, on a geographical district basis and/or on a statewide basis with one or more suppliers; to reject any and all bids or waive any minor irregularity or technicality in bids received. When it is determined there is competition to the lowest responsible bidder, evaluation of other bids is not required. Bidders are cautioned to make no assumptions unless their bid has been evaluated as being responsive. All awards made as a result of this bid shall conform to applicable Florida Statutes.
12. **SAMPLES:** Samples of items when called for, must be furnished free of expense on or before bid opening time and date, and if not destroyed may, upon request, be returned at the bidders expense. Each individual sample must be labeled with bidders name, manufacturers brand name and number, bid number, and item reference. Request for return of samples shall be accompanied by instructions which include shipping authorization and name of carrier and must be received within 90 days after bid opening date. If instructions are not received within this time, the commodities shall be disposed of by the State of Florida.
13. **NONCONFORMANCE TO CONTRACT CONDITIONS:** Items may be tested for compliance with specifications by the Florida Department of Agriculture and Consumer Services, or by others acceptable to the State. Should the items fail testing, the State may require the vendor to reimburse the State for costs incurred by the State in connection with the examination or testing of the commodity including costs relating to transporting the commodity samples to the testing site, actual test costs, personnel costs and other applicable costs. The data derived from any tests for compliance with specifications and public records and open to examination thereto in accordance with Chapter 119, F.S. Items delivered not conforming to specifications may be rejected and returned at vendors expense. These items and items not delivered as per delivery date in bid and/or purchase order may result in bidder being found in default in which event any and all procurement costs may be charged against the defaulting contractor. Any violation of these stipulations may also result in:
 - a) Suppliers name being removed from State Purchasing vendor mailing list.
 - b) All State departments being advised not to do business with the supplier without written approval from State Purchasing until such time as supplier reimburses the State for all procurement and cover costs.
14. **INSPECTION, ACCEPTANCE AND TITLE:** Inspection and acceptance will be at destination unless otherwise provided. Title and risk of loss or damage to all items shall be the responsibility of the contract supplier until accepted by the ordering agency, unless loss or damage results from negligence by the ordering agency. The contract supplier shall be responsible for filling, processing and collecting all damage claims. However, to

- assist him in the expeditious handling of damage claims, the ordering agency will:
 - a) Record any evidence of visible damage on all copies of the delivering carriers Bill of Lading.
 - b) Report damage (Visible and Concealed) to the carrier and contract supplier, confirming such reports, in writing within 15 days of delivery, requesting that the carrier inspect the damaged merchandise.
 - c) Retain the item and its shipping container, including inner packing material, until inspection is performed by the carrier, and disposition given by the contract supplier.
 - d) Provide the contract supplier with a copy of the carriers Bill of Lading and damage inspection report.

15. **GOVERNMENTAL RESTRICTIONS:** In the event any governmental restrictions may be imposed which would necessitate alteration of the material, quality, workmanship or performance of the items offered on this bid prior to their delivery, it shall be the responsibility of the supplier to notify the ordering agency at once, indicating in his letter the specific regulation which required an alteration. The State reserves the right to accept any such alteration, including any price adjustments occasioned thereby, or to cancel the contract at no further expense to the State.
16. **ADDITIONAL QUANTITIES:** For a period not exceeding ninety (90) days from the date of acceptance of this offer by the buyer, the right is reserved to acquire additional quantities up to the amount shown on the bid but not to exceed the threshold for category two at the prices bid in this invitation. If additional quantities are not acceptable, the bid sheets must be noted "BID IS FOR SPECIFIED QUANTITY ONLY".
17. **SERVICE AND WARRANTY:** Unless otherwise specified, the bidder shall define any warranty service and replacements that will be provided during and subsequent to this contract. Bidders must explain on an attached sheet to what extent warranty and service facilities are provided.
18. **LEGAL REQUIREMENTS:** Applicable provision of all Federal, State, county and local laws, and all ordinances, rules, and regulations shall govern development, submital and evaluation of all bids received in response hereto and shall govern any and all claims and disputes which may arise between person(s) submitting a bid response hereto and the State of Florida, by and through its officers, employees and authorized representatives, or any other person, natural or otherwise; and lack of knowledge by any bidder shall not constitute a cognizable defense against the legal effect thereof.
19. **PATENTS AND ROYALTIES:** The bidder, without exception, shall indemnify and save harmless the purchaser and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unpatented invention, process or article manufactured or supplied by the bidder. The bidder has no liability when such claim is solely and exclusively due to the combination, operation or use of any article supplied hereunder with equipment or data not supplied by contractor or is based solely and exclusively upon the States alteration of the article. The purchaser will provide prompt written notification of a claim of copyright or patent infringement and will afford the bidder full opportunity to defend the action and control the defense.

Further, if such a claim is made or is pending the contractor may, at its options and expenses procure for the purchaser the right to continue use of, replace or modify the article to render it noninfringing. (If none of the alternatives are reasonably available, the State agrees to return the article on request to the contractor and receive reimbursement, if any, as may be determined by a court of competent jurisdiction.) If the bidder uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.
20. **ADVERTISING:** In submitting a bid, bidder agrees not to use the results therefrom as part of any commercial advertising.
21. **ASSIGNMENT:** Any Purchase Order issued pursuant to this bid invitation and the monies which may become due hereunder are not assignable except with the prior written approval of the ordering agency.
22. **LIABILITY:** The supplier shall hold and save the State of Florida, its officers, agents, and employees harmless against claims by third parties resulting from the suppliers breach of this contract or the suppliers negligence.
23. **FACILITIES:** The State reserves the right to inspect the bidders facilities at any reasonable time with prior notice.
24. **PUBLIC PRINTING:** A bidder must have at the time of bid opening a manufacturing plant in operation which is capable of producing the items bid and so certify upon request of the agency. Every agency of the State, including agencies within the legislative and judicial branches of government, shall give preference to bidders located within the State when awarding contracts to have materials printed, whenever such printing can be done at no greater expense than, and at a level of quality comparable to that obtainable from a bidder located outside the State.
 - a) **CONTRACTS NOT TO BE SUBLET:** In accordance with Printing Laws and Regulations printing contracts cannot be sublet. Printing shall be awarded only to printing firms. No contract shall be awarded to any broker, agent, or independent contractor offering to provide printing manufactured by other firms or persons.
 - b) **PRINTING ADJUSTMENTS, OVERRUNS-UNDERRUNS:** No adjustment shall be accepted by an agency on any purchase of printing unless conditions or specifications of bid expressly so provide.
 - c) **COMMUNICATIONS:** It is expected that all materials and proofs will be picked up and delivered by the printer or his representative, unless otherwise specified. Upon request, materials will be forwarded by registered mail.
 - d) **RETURN OF MATERIALS:** All copy, photos, artwork, and other materials supplied by the purchaser must be handled carefully and returned in good condition upon completion of the job. Such return is a condition of the contract and payment will not be made until return is effected.
 - e) **QUALITY-PERFORMANCE ANALYSIS:** The contractor on any purchase of printing in excess of the threshold for category two shall complete and forward to State Purchasing the analysis form that accompanied the purchase order together with an invoice copy.
25. **PUBLIC RECORDS:** Any material submitted in response to this invitation to bid will become a public document pursuant to Section 119.07, F.S. This includes material which the responding bidder might consider to be confidential or a trade secret. Any claim of confidentiality is waived upon submission, effective after opening pursuant to Section 119.07, F.S.

NOTE

ANY AND ALL SPECIAL CONDITIONS AND SPECIFICATIONS ATTACHED HERETO WHICH VARY FROM THESE GENERAL CONDITIONS SHALL HAVE PRECEDENCE.

PURPOSE: The purpose of this invitation to bid is to establish a sixty (60) month contract(s) with stocking dealer(s) for the purchase of uniforms and related items by the Florida Highway Patrol in the Department of Highway Safety and Motor Vehicles. Respondents may bid on individual sections or as a whole. Award will be made in Accordance with General Conditions, Paragraph 11. Estimated usage figures contained herein are estimated quantities, and are not to be considered as a firm commitment to any specific volume of purchases.

PRICE LIST, CATALOGS, DESCRIPTIVE BROCHURES: Within sixty (60) calendar days after the award of bid, the successful respondent(s) is/are required to furnish to all Florida Highway Patrol offices a catalog showing all items, in color, with appropriate descriptions and sizes, awarded each individual successful respondent.

Appendix "A" of this bid document is a list of items contained in this ITB. This list is intended to be a guide to developing a customized catalog. Appendix "A" consists of item descriptions and estimated annual usage, but, throughout the term of any contract, various items may be added, at negotiated prices, and/or deleted. Representatives from the Bureau of Contracts and Purchasing will make the final decision as to what items will be on the core list. Therefore items contained in this ITB should not be construed as a complete/final listing. Although online ordering is the preferred method of ordering. Orders may be placed by phone or fax now, however the expectation is that end users will be able to place orders electronically by computer.

ORDER FORMS: The successful bidder(s) shall be required to furnish the Department with 4-part, carbonless, pre-printed uniform order forms, with the required information included. The successful bidder(s) will provide the Department with a sample of the proposed order form for approval by the Department prior to printing. Order forms shall be distributed by the successful bidder(s), at no additional cost to the Department, to all offices within thirty (30) days of Departmental approval.

INTERNET HOME PAGE: While not required at this time, each CONTRACT VENDOR is encouraged to develop and maintain a HOME PAGE on the Internet WWW. The Home Page must be compatible with the most recent version of browser software being used by State Purchasing. As of the writing of this solicitation, Netscape Navigator 3.0 is the State Purchasing browser standard. State Purchasing intends to upgrade to new browser versions, as they become available and fully tested, at its discretion. Contractor agrees to furnish a user accessible online **Web Based Catalog and Order System:** catalog containing current approved prices and descriptions for use by the user at no additional cost to the state. Computer interface, streamlined ordering, shopping cart, search assistance by product code, and or description with catalog browsing with pictures, descriptions & pricing, and in-stock indicator and estimated time for delivery.

CALENDAR OF EVENTS: The following time schedule will be strictly adhered to in all actions relative to the ITB, unless modified by the Department by addendum to this ITB.

February 7, 2001

Issue date of the Invitation to Bid.

February 23, 2001

All questions and/or proposed changes to the ITB must be submitted to the issuing officer by 5:00 P.M., Eastern Time (may be submitted earlier).

March 20, 2001

Bids due by 2:30 P.M.

March 22, 2001

Posting of intent to award.

April 24, 2001

Presentation of uniform construction Samples, Catalogs, Order Forms and proposal for Electronic Ordering, with restricted access and necessary security measures tracking capabilities or appropriate web-site for items awarded. **Failure to comply may lead to cancellation of award without further notice or delay.**

May 10, 2001

Contractor will receive FHP Approval of recommendation of changes necessary to Samples, Catalogs, Order Forms and Web Site as appropriate by award.

May 29, 2001

Finalized Catalogs, Order Forms and Web site as appropriate by award.

October 1, 2001

Contract Start Date.

PUBLIC ENTITY CRIMES: A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

NOTICE TO CONTRACTOR: The employment of unauthorized aliens by any contractor is considered a violation of Section 274A(e) of the Immigration and Nationality Act. If the contractor knowingly employs unauthorized aliens, such violation shall be cause for unilateral cancellation of the contract.

BID LANGUAGE AND/OR PREFERENCES: The Minority Business Advocacy and Assistance Office has standing to protest, pursuant to s.287.09451, in a timely manner, any proposed contract award in competitive bidding for contractual services and construction contracts that fail to include minority business enterprise participation, if any responding bidder has demonstrated the ability to achieve any level of participation, or any contract award for commodities where, a reasonable and economical opportunity to reserve a contract statewide or district level, for minority participation was executed or, an agency failed to adopt applicable preference for minority participation. Any low bidder with no participation may be deemed not in "good faith."

MANDATORY REQUIREMENTS: The Department has established certain mandatory requirements which must be included as part of any bid. The use of the terms "shall," "must" or "will" (except to indicate simple futurity) in this ITB indicate a mandatory requirement or condition. The words "should" or "may" in this ITB indicate desirable attributes or conditions, but are permissive in nature. Deviation from, or omission of, such a desirable feature will not by itself cause rejection of a proposal.

NON-RESPONSIVE BIDS, NON-RESPONSIBLE BIDDERS: Bids which do not meet all material requirements of this ITB or which fail to provide all required information, documents, or materials will be rejected as non-responsive. Material requirements of the ITB are those set forth as mandatory, or without which an adequate analysis and comparison of bids is impossible, or those which affect the competitiveness of bids or the cost to the State. Bidders whose bids, past performance or current status do not reflect the capability, integrity or reliability to fully and in good faith perform the requirements of the Contract may be rejected as non-responsible. The Department reserves the right to determine which bids meet the material requirements of the ITB, and which bidders are responsible.

PROPOSER'S INQUIRIES: The bidder shall examine the invitation to bid to determine if the State's requirements are clearly stated. If there are any requirements which restrict competition, the bidder may request, in writing, to the State that the specifications be changed. The bidder who requests changes to the State's specifications must identify and describe the proposer's difficulty in meeting the State's specifications, must provide detailed justification for a change, and must provide recommended changes to the specifications. Questions concerning conditions and specifications of this ITB, and/or requests for changes to the invitation to bid must be received in writing by the issuing purchasing office no later than **February 21, 2001**. A bidder's failure to request changes by the date described above, shall be considered to constitute bidder's acceptance of State's specifications. The State shall determine what changes to the invitation to bid shall be acceptable to the State.

If required, the State shall issue an addendum reflecting the acceptable changes to this invitation to bid, which shall be sent to all bidders in order that all bidders shall be given the opportunity of submitting bids to the same specifications. Copies of questions and final answers, along with any changes to the ITB will be mailed to all firms who were furnished a copy of this ITB by the Department, in the form of a written addendum, as soon as reasonably practicable. Bidders submitting a bid must submit by the bidding deadline written acknowledgment of any addendum.

DISPUTES: Any prospective bidder who disputes the reasonableness or appropriateness of the terms, conditions, and specifications of this ITB, any addendum, Notice of Intended Award, or Notice of Intent to Reject any or all Bids, shall file a notice of intent to protest in appropriate form within 72 hours (excluding state holidays, Saturdays and Sundays) of the receipt of the ITB or of a written addendum and/or written answers to questions, or posting of any notice, and a formal written protest in the form of a petition within ten (10) calendar days thereafter. Any person who files a formal written protest shall, at the time of filing the formal written protest, post a bond as set forth in Section 287.042(2)(c), Florida Statutes.

Failure to file both a protest and bond within the time prescribed in Section 120.53(5), Florida Statutes, and Rule 60A-1.006, Florida Administrative Code, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

The Department of Highway Safety and Motor Vehicles reserves the right to reject any or all bids and to waive any minor irregularity or technicality in bids received.

DISCRIMINATION: An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity. (ref. s. 287.134, FS, as amended by Chapter 2000-286, Laws of Florida, created by HB2127, Section 6 (2)(a) and (3)(a).)

EXCEPTIONS TO THE CONTRACT: The Department of Highway Safety and Motor Vehicles also reserves the right to order uniform items from other sources as may be appropriate in conducting normal business. However, this provision shall not be used to circumvent the intent of the contract.

CONTRACTUAL MANDATORIES: A bidder's response to this Invitation to Bid shall be considered as the bidder's formal offer. The signing of the contract by the State shall constitute the State's written acceptance of the successful bid and a copy of the signed contract shall be forwarded to the successful bidder.

ACCESSIBILITY FOR DISABLED PERSONS: If a special accommodation is needed please advise no later than five working days prior to the event.

TERMINATION FOR CAUSE: The Department reserves the right to immediately terminate the Contract by providing written notice to the Contractor if the Department determines any of the following have occurred:

1. Contractor knowingly furnished any statement, representation, warranty or certification in connection with the ITB or the Contract, which representation is materially false, deceptive, incorrect, or incomplete;
2. Contractor fails to perform to the Department's satisfaction any material requirement of the Contract or defaults in performance of the Contract;
3. The action or inaction of the Contractor substantially endangers the performance of the Contract, or such occurrence can be reasonably anticipated;
4. There may be unilateral cancellation of the agreement by the Department if the Contractor refuses public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119.F.S., and made or received by the Contractor in conjunction with this Contract.

Notwithstanding approval requirements, which may be reserved, to the Department of Highway Safety and Motor Vehicles under the contract, the Contractor retains the ultimate responsibility to ensure and guarantee the quality of work and services to be provided under the contract. The Contractor is fully and solely responsible for performing and completing the services specified herein to the satisfaction of the Department of Highway Safety and Motor Vehicles.

Should the Department of Highway Safety and Motor Vehicles give notice of termination for reasons in sub-paragraphs 2 or 3 above, the Contractor shall have ten (10) calendar days after receipt of said notice to remedy the failures or problems. If the Contractor fails to so remedy, the Department of Highway Safety and Motor Vehicles may order the Contractor to stop immediately all work. If the contract is terminated for cause or unilaterally canceled by the Department of Highway Safety and Motor Vehicles, the Department of Highway Safety and Motor Vehicles shall be obligated only for the goods and services actually delivered and accepted prior to the date of notice of termination, less any liquidated damages or other damages that may be assessed for non-performance.

TERMINATION BY MUTUAL AGREEMENT: With the mutual agreement of both parties, the Contract or any part of the Contract may be terminated on an agreed date prior to the end of the Contract period without penalty to either party.

TERMINATION IN THE BEST INTERESTS OF THE STATE: The Department reserves the right to terminate the Contract or any part of the Contract in the best interests of the state, upon 30 day notice to the contractor. The Department shall incur no liability for materials or services not yet ordered if it terminates in the best interests of the state. If the Department terminates in the best interests of the state after an order for materials or services has been placed, the Contractor shall be entitled to compensation upon submission of invoices and proper proof of claim, in that proportion which its services and products were satisfactorily rendered or provided, as well as expenses necessarily incurred in the performance of work up to time of termination. The Department reserves the right to cancel this contract upon the Department of Management Services issuing a State contract for this type service for use by the agencies. A 30 day written cancellation notice will be sent to the vendor.

TERMINATION FOR CONVENIENCE OF THE CONTRACTOR: The contractor may terminate the contract in its entirety at its convenience, upon 90 days notice in writing to the Contract Manager, John Pace. All of the contractor's obligations under the contract will remain in force during the 90-day notice period.

CONTRACTOR'S RESPONSIBILITIES UPON TERMINATION: After receipt of a Notice of Termination, and except as otherwise specified by the Department, contractor shall:

1. Stop work under this Contract on the date, and to the extent specified, in the notice;
2. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under this Contract that is not terminated;
3. Complete performance of such part of the work as shall not have been terminated by the Department; and
4. Take such action as may be necessary, or as the Department may specify, to protect and preserve any property related to this Contract which is in the possession of the Contractor and in which the Department has or may acquire an interest.
5. Upon the effective date of termination of the contract, the Contractor shall transfer, assign, and make available to the Department of Highway Safety and Motor Vehicles all property and materials belonging to the Department of Highway Safety and Motor Vehicles, all rights and claims to any and all reservations, contracts and arrangements with subcontractors, or others, and shall make available to the Department of Highway Safety and Motor Vehicles all written information regarding the performance of the contract. No extra compensation will be paid to the Contractor for its services in connection with such transfer or assignment. The Department of Highway Safety and Motor Vehicles concurrently with such transfer or assignment shall assume the obligations of the Contractor if any, on all non-cancelable contracts with third parties.

6. Upon termination of the contract by the Department of Highway Safety and Motor Vehicles, the Contractor shall be deemed to have released and relinquished to the Department of Highway Safety and Motor Vehicles any and all claims or rights it may otherwise have to common law or statutory copyright with respect to all or any part of material prepared or created by the Contractor in the course of its performance.

ESTIMATED QUANTITIES: See bid form on page 114 through 119 of Attachment A. These figures are estimates, and are not to be considered as a firm commitment to any specific volume of purchases.

MINIMUM ORDER: None.

DELIVERY: Delivery shall be F.O.B. various locations within the State of Florida. Delivery of all items listed on each purchase order shall be within 21 calendar days after receipt of the purchase order. This requirement will take effect 120 days after award of the contract. For purposes of compliance with this requirement, orders placed prior to October 1, 2001, will be considered placed on October 1, 2001.

Four (4) postal service workdays will be added to any order date to establish a receipt date. Any item(s) shipped but not accepted because of non-compliance with these specifications must be replaced within five (5) calendar days after notification by the requisitioner named on the purchase order. At the time of delivery, uniform items will be subjected to examination and inspection by the duly authorized representative(s) before final acceptance. Any costs associated with items received that do not comply with these specifications shall be borne by the successful bidder.

LIQUIDATED DAMAGES: The state will be damaged in the amount of \$1.00 per garment per day for late deliveries, and this amount shall be deducted from the invoice for the late-received goods. This deduction is in addition to other remedies available to the state pursuant to Administrative Rules, Florida Statutes or the terms and conditions of this solicitation.

PRIDE: It is expressly understood and agreed that any articles which are the subject of, or required to carry out this contract shall be purchased from the corporation identified under Chapter 946, F.S. in the same manner and under the same procedures set forth in Section 946.515(2) and (4), F.S.; and for purposes of this contract shall be deemed to be substituted for this agency insofar as dealings with such corporation are concerned. The "corporation identified" is Prison Rehabilitative Industries and Diversified Enterprises, Inc.

Available products, pricing and delivery schedules may be obtained by contacting: Terrie Brooks, PRIDE of Florida, 2720 Blair Stone Road, Suite G, Tallahassee, Florida 32301, telephone (850) 487-3774.

ORDERS: The successful bidder shall supply short-and-long-sleeve shirts in the standard sizes indicated; trousers in the standard waist sizes indicated and hemmed pursuant to measurements to be indicated on the individual order forms; hats in standard sizes, and ties in two sizes indicated.

The vendor shall not process any order until both a purchase order and individual order forms have been received from the Department. Any order forms received by the vendor which do not reference a Department purchase order shall be returned to the unit of origin. Any correspondence by either party pertaining to any order must indicate the Department purchase order number and date together with control and invoice number when the correspondence is concerning invoices.

DEPARTMENT APPROVED EQUIVALENT: The vendor must indicate on the bid form those items being submitted as an "equivalent" and specify the fabric, and color that are being submitted as equivalents to be considered for approval by the Department. Further specifications of equivalents must be submitted as a separate attachment to the Bid Form.

CATALOG: Within sixty (60) calendar days after the award of bid, the successful bidder is required to furnish to all Florida Highway Patrol offices catalogs showings all items bid, in color, with appropriate descriptions and sizes to all Florida Highway Patrol offices listed on the attachments. The catalog must be approved by the Department prior to printing.

ORDER FORMS: The successful bidder shall be required to furnish the Department with 4-part, carbonless, pre-printed uniform order forms, with the required information included. The successful bidder will provide the Department with a sample of the proposed form for approval by the Department prior to printing. Order forms shall be distributed to all offices within 30 days after the award of bid, with additional forms furnished as needed. The successful bidder shall provide revised forms due to any changes in prices for any items as the result of negotiated increases during the term of this agreement.

MEASUREMENTS: The successful bidder shall ensure a proper fit for all employees. Measurements furnished to the successful bidder will be used to determine the standard size and proper fit by the successful bidder. Upon request by the Department, the successful bidder shall measure/fit employees at the employees' work sites, at no additional cost to the Department, to obtain a proper fit for any employee experiencing problems with measuring and proper fit of the uniform items. Measurements will be performed within twenty (20) calendar days of request.

SPECIAL ORDERS: The vendor must indicate on the Bid Form in the space provided the percentage of increase from the bid prices for all special order sizes. Special order sizes are defined as any size outside the Range Listed on bid specification sheets. There shall be no other extra charge for special orders other than this percentage of increase.

LABELING: All garments must have a care label permanently affixed giving the care instructions and must show the lot number, size, fiber content and WPL number of the garment. The labels for permanent press or fine washables shall reflect specific washing care instructions.

EMBLEMS: The uniform contractor will be required to furnish emblems and sew onto shirts as directed. All shirts require two shoulder patches. Currently, about 20% of the shirts require Corporal or Sergeant stripes on two sleeves of both short and long sleeve shirts. See Section 3.1-U through 3.1-CC for required emblems.

FABRIC: All fabric shall meet standard shrinkage allowance of approximately 2%, be colorfast, and be **GUARANTEED WASHABLE**. The fabric used is to include a fashion clear finish, soil release that combines with color bright retention, have moisture absorbency, and provide maximum comfort.

FACILITIES: The successful bidder may be required, before award of bid, to show to the complete satisfaction of the Department that the firm has the necessary facilities to assure compliance with the terms and conditions herein and the bid submitted.

WARRANTY: All material shall be new, of current manufacture and shall carry the standard warranties prescribed for each specified fabric. Vendor shall submit to the Department, if requested, new fabrics to test as they come on the market. Additional or reduced cost for new fabrics for each item shall be negotiated and agreed upon in writing. Supporting documentation showing increased or decreased costs shall include invoices of old fabric vs cost of new fabric.

Workmanship and products shall be in accordance with standard practices of the trade. Special attention is directed to the fact that seams tearing at the seam line, gathering of fabric or puckering of garments after wear or use is not acceptable. Garments must be fully warranted against defects for a minimum of 90 days.

PRICES: Bid must be submitted on the attached "Bid Form". A price of each item must be listed on the "Bid Form" or the bid will be rejected. Prices shall be F.O.B., any point of destination within the State of Florida. Prices bid shall be less any Federal or State sales and use taxes. The Florida Department of Highway Safety and Motor Vehicles will furnish tax exemption certificate, if requested.

Industry-wide price reductions shall be accorded to the Florida Department of Highway Safety and Motor Vehicles during the period of this contract.

AWARD: This bid will be awarded on the total aggregate price bid for those items indicated on the Bid Form within a maximum of 15 working days after opening. The contract beginning date shall be October 1, 2001.

PERIOD OF AGREEMENT: This agreement shall be in effect from the begin date of the contract for the initial period of sixty months (60) with an option to renew for one (5) year period. Renewal is contingent upon satisfactory performance by the successful bidder and the availability of funds. The vendor shall advise in writing at least 90 days prior to contract expiration whether or not any price increase(s) will be sought at the commencement of or during the renewal period.

A price escalation may be added by the vendor to the price of all items for each twelve (12) month period of the sixty (60) month contract period and for each 12 month portion of any renewal periods by using the Producer Price Indexes published by U.S. Department of Labor, Superintendent of Documents, P.O. Box 311954, Pittsburg, PA 15220-7954, Phone # 202/512-1800 using the formula indicated below. The last published Producer Price Index prior to award of contract will be the reference date for the beginning (old) PPI index. The most recent published Producer Price prior to the printing to be priced will establish the referenced date for the New PPI Index (Table 5, Industry Code 2761-255, Manifold Business forms, Unit Sets, Custom Printed, Carbon).

New PPI Index

Old PPI Index = Price Escalation Rate

Increases claimed by the contractor in accordance with this formula must be documented by the contractor to the agency's satisfaction at least 30 calendar days prior to the effective date of the next contract year, i.e. no later than September 1.

The effective date of any price increase shall be October 1st of the contract year during which the increased price will be in effect.

The agency may require a decrease by the amount of the PPI decrease from the last PPI published prior to award of the contract and during any renewal period.

BUY OUT PROVISION: A buy out provision, not to exceed 5% of the total dollars expended during the initial term of 60 months is hereby included in the terms of this Agreement. This provision will be exercised at the Department's discretion upon non-renewal by the Department, contingent upon availability of funds from an annual appropriation by the Legislature, and the best interests of the state. The Bid Form shall reflect the percentage of discount for all items to be purchased in a buy-out. The buy-out may be accomplished over a period of time as buy-out items are ordered by employees.

INVOICING AND PAYMENT: All invoices must reflect a purchase order number. The vendor shall submit one invoice itemized per individual order, per purchase order after delivery of items ordered. Invoices which include items that did not meet the regular scheduled delivery time shall be accompanied by documentation for delay of delivery.

MANAGEMENT REPORTS: The successful bidder must provide statistical information which details items, quantities, and total dollars expended, by employee and by Troop address on a quarterly basis; as well as an annual report which details cumulative totals. The management report shall contain, but not be limited to, the following fields: 1) Employee name (Last/First), rank and social employee number, 2) Troop, 3) address 4) Quantity of Each Item, 5) Item Ordered, 6) Style Number, 7) Cost for item 8) Date Ordered, 9) Date Shipped.

CUSTOMER SERVICE REPRESENTATIVE: As part of the bid, the successful bidder shall provide the name, address and telephone number of at least two customer service representatives assigned to the contract, who reside in Florida and service Florida accounts. These persons shall be available to meet prior to contract commencement and on a quarterly basis, if requested, and to service the account, taking measurements, etc. All costs associated with the customer service representative shall be the responsibility of the successful bidder.

These individual(s) must respond to the Department's inquiries within eight (8) working hours.

REFERENCES: Each bidder shall list on page 113 the names of at least two customers in the state of Florida the bidder is currently supplying, with service requirements similar to those sought herein, i.e. stocking uniform supplier, on-site customer measurement, management reports, catalogs and order forms. Unverifiable or unsatisfactory references, or references for services not comparable to those sought herein, may lead to rejection of a bid as non-responsive to this requirement. (See page 113).

BID BOND: Each Respondent shall submit a bid bond in the form of a cashier's check or surety bond, payable to the State of Florida in the amount of five percent (5%) of the total first year's cost for the contract (one fifth of the total bid amount). The bid bond will be returned to the successful vendor upon award and submission of satisfactory completion of requirements set forth in calendar of events and performance bond and to unsuccessful bidder after award.

PERFORMANCE BOND: A performance bond in the amount of one-hundred percent (100%) of the first year's contract price (one fifth of the total bid amount), shall be provided to the State not later than **October 1, 2001**. The bond must be renewed annually no later than ten (10) business days prior to the beginning of the next Contract year. For the subsequent contract years, the renewal bond amount must equal or exceed the total price amount proposed for the corresponding contract year. The Performance Bond shall be issued by an insurance company licensed by the Florida Department of Insurance, covering the faithful performance of this Contract between the State and the vendor and costs and damages by reason of the vendor's default, breach or failure to satisfactorily complete the contract.

SUBMITTING OF BID: These bid forms furnished must be submitted in submitting your bid. Forms to be filled out in pen and ink or typewritten with no alterations, changes or amendments made within. All forms to be signed and dated.

Submit your bid to: Department of Highway Safety and Motor Vehicles, Bureau of Purchasing and Contracts, Neil Kirkman Building, Room B412, 2900 Apalachee Parkway, Tallahassee, Florida 32399-0524.

IMPORTANT: Mark on the envelope/container in which your bid is submitted: Bid No. **013-01** to be filed **2:30 P.M., March 20, 2001.**

INVOICING: Submit three (3) copies of invoice, as goods are shipped, directly to: Department of Highway Safety and Motor Vehicles, Attn: Bureau of Accounting, Neil Kirkman Building, Room A414, Tallahassee, Florida 32939-0514. FEID No. must appear on all invoices.

SPECIFICATION
FLORIDA HIGHWAY PATROL
UNIFORM SHIRTS-SHORT SLEEVE (FEMALE TROOPER)

FABRIC: Plain weave, 75% Dacron Polyester 25% Wool Worsted with Mechanical Stretch, (10%) Weight is approximately 9.75-10.25 Oz per linear yard. Breaking strength is 130 Pounds in the Warp, 120 Pounds in the Filling. Construction is 57 ends per inch By 46 picks per inch. Fiber length in the Wool is 3-3.5 inches average minimum, Polyester is 3 inches minimum. Raeford Fabric 32013, shade 3414, trim Raeford 32020-11000 Black.

STYLE: Short sleeve permanent press women's police shirt with concealed zipper front and banded collar; tapered form fit. To be in collar and sleeve length size 28 thru 50. Stitched in military creases. Reece eyelets underarm for ventilation and comfort.

TAILORING: It is imperative that this garment be constructed according to the principles set forth in the specifications. All stitches must be of proper tension and size. Side seams, sleeve seams, and sleeve setting seams shall be double needle stitched.

STITCHING: Entire shirt to be double needle-stitched $\frac{1}{4}$ " apart with exception to the pocket flaps and collar which are to be single stitched.

COLLAR: The collar is to be single stitched $\frac{3}{16}$ " from edge. The shape and style of collar leaf shall conform to the SR convertible collar. The points, widespread shall be 3" in length. Permanent collar stays of proper length are to be sewn inside collar.

SLEEVES: To be straight and whole. Top of sleeve to measure 7-1/2" from shoulder seam. Sleeve to be finished with hem measuring $\frac{3}{4}$ " in width.

FRONTS: Each front shall have a facing 3" in width extending from neckline to bottom of shirt provided by a turn-under of material. The right front shall have an imitation center pleat with two rows of stitching $\frac{7}{8}$ " apart. The right front shall have 6 buttonholes, 1 horizontal and 5 vertical, spaced 3-1/2" apart and to be set from top buttonhole. The button front shall contain 6 buttons securely attached and corresponding to the buttonholes on the center front. Zipper to be sandwiched and to extend from the second to the fifth buttonhole with the stitch to be concealed under the center strip. Front to have six buttons and buttonholes.

ZIPPER: To be Talon nylon separating zipper with nylon coil, matching binder seam, coordinated color for all components.

POCKETS: There shall be two pockets; 5" in width and 5" deep with stitched center pleat 1-1/2" wide stitched down to prevent spreading. The lower corners are to be mitred. Each pocket to be hem stitched $\frac{1}{2}$ ". There is to be a pencil stitch in the right side of the left pocket, 1-1/2" wide with opening through top of pocket flap. Pockets to have well bound eyelet hole to match buttonhole on flap.

STYLE: Semi-form fitted; must be styled to a ladies pattern.

FLAPS: Each pocket shall have a scalloped flap 5-1/4" across and 2-1/4" in depth at center point, 1-3/4" at sides. The left flap is to have a pencil opening of 1-1/4". The lower corners of each flap are to be secured to the pocket by means of velcro closures. The size of velcro fasteners to be 3/8" x 1" and to be complimentary tan in color. Pocket flap shall be lined with 550 Durapress interlining. Flaps to be prepped for securing by a metal button and toggle. A 1/8" piping made from Raeford Style 32020-11000 shall be placed around outer edges of each flap. This must be attached with extreme care to insure uniform width.

BADGE REINFORCEMENT: It shall be a separate strip of shirt material, 1-1/2" wide with no raw edges, placed on inside of shirt, directly above center of left flap. The top of this strip is to be sewn into the shoulder seam, and the bottom is to be secured by the flap setting seam. To have two eyelets, spaced 1-1/4" apart on vertical plane and 1-1/4" above top of flap.

NAMEPLATE REINFORCEMENT: It shall be a separate strip of shirt material placed on inside of shirt directly above center of right flap. To have open eyelets spaced 1-9/16" apart on horizontal plane and 3/8" above the top of the flap.

SHOULDER STRAPS: Material to be Raeford Style 32020-11000 Black. The shoulder straps shall be pointed at the end toward the collar of the shirt and shall be prepped for fastening by a 24 ligne, metal button and toggle through a well bound eyelet hole; a protection flap will be provided to protect the wearer from the toggle. The other end shall be secured in the sleeving seam. These shall be die cut and die creased to give uniform size and shape. Shoulder straps shall measure 2" at sleeve head and taper to 1-5/8" at button end. These shall be double stitched on edge and box stitched to shoulder with row of cross stitching 2" from sleeve head and diagonally across from each end of seam to sleeve head.

BUTTONS: All button to be finest government specification Melamine and shall match the shirt fabric. Buttons to be sewn on left front, with buttonholes on right front to accommodate buttons.

COLLAR STAYS: The collar stays shall be of good quality Stalar Vinyl, 2-1/2" in length and 3/8" wide.

INTERLINING: All interlining shall be first quality pre-shrunk sheeting. Collar to have 5.00 weight and 44 x 44 count.

LABEL: Woven label to be sewn into collar seam on inside of shirt. The embroidery wording to contain the following: manufacturer, size, garment care and type of fabric. If size will not fit on this label, additional small cloth tab with shirt size on it may be sewn in seam next to larger label. Additional care information label may be sewn to front of shirt tail. Label to be fade and wash proof.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

YOKE LINING: Neckband and yoke to be lined with pre-shrunk (2-3 oz.) Satin Rayon Twill, 140 count, guaranteed washable lining, to match shirt as closeness of match is considered essential.

EMBLEMS: Shoulder emblems to be sewn on both sleeves ¼" below shoulder seam. Emblems to be furnished by the vendor and included in the price of the shirt.

CREASES: There shall be one (1) crease on each front and three (3) creases on back. Creases are to be stitched in.

PRESSING AND PACKING: Shirts shall be carefully pressed in first class manner. Shirts to be shipped in strong boxes so as to not be damaged in shipment.

FINISHED DIMENSIONS: *The finished dimensions of the shirts shall be in accordance with the following schedule:

<u>SIZE</u>	<u>CHEST</u>	<u>WAIST</u>	<u>LENGTH</u>	<u>NECK</u>
28	35	28	27	11-3/4"
30	37	30	27	12-1/4"
32	39	32	28	12-3/4"
34	41	34	28	13-1/4"
36	43	36	28	13-3/4"
38	45	38	28	14-1/4"
40	47	40	28	14-3/4"
42	49	42	28	15-1/4"
44	51	44	28	15-3/4"
46	53	46	28	16-1/4"
48	55	48	28	16-3/4"
50	57	50	28	17-1/4"

MEASUREMENTS: All measurements are approximate to allow for manufacturing tolerance (+/- 1/8").

*Order may not be limited to above sizes. Finished dimensions of other sizes shall decrease or increase according to industry standards.

BADGE REINFORCEMENT: It shall be a separate strip of shirt material, 1-1/2" wide with no raw edges, placed on inside of shirt, directly above center of left flap. The top of this strip is to be sewn into the shoulder seam, and the button is to be secured by the flap setting seam. To have two open eyelets, spaced 1-1/4" apart on vertical plane and 1-1/4" above top of flap.

NAMEPLATE REINFORCEMENTS: It shall be a separate strip of shirt material placed on inside of shirt directly above center of right flap. To have open eyelets spaced 1-9/16" apart on horizontal plane and 3/8" above the top of the flap.

SHOULDER STRAPS: Material to be Raeford Style 32020-11000 black. The shoulder straps shall be pointed at the end toward the collar of the shirt and shall be prepped for fastening by a 24 ligne, metal button and toggle through a well bound eyelet hole; a protection flap will be provided to protect the wearer from the toggle. The other end shall be secured in the sleeving seam. These shall be die cut and die creased to give uniform size and shape. Shoulder straps shall measure 2" at sleeve head and taper to 1-5/8" at button end. These shall be double stitched on edge and box stitched to shoulder with row of cross stitching 2" from sleeve head and diagonally across from each end of seam to sleeve head.

BUTTONS: All buttons to be finest government specification Melamine and shall match the shirt fabric. Buttons to be sewn on left front, with buttonholes on right front to accommodate buttons.

COLLAR STAYS: The collar stays shall be of good quality Stalar Vinyl, 2-1/2" in length and 3/8" wide.

INTERLINING: All interlining shall be first quality pre-shrunk sheeting. Collar to have 5.00 weight and 44 x 44 count.

LABEL: Woven label to be sewn into collar seam on inside of shirt. The embroidery wording to contain the following: manufacturer, size, garment care and type of fabric. If size will not fit on this label, additional small cloth tab with shirt size on it may be sewn in seam next to larger label. Label to be fade and wash proof.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

YOKE LINING: Neckband and yoke to be lined with pre-shrunk (2-3 oz.) Satin Rayon Twill, 140 count, guaranteed washable lining, to match shirt as closeness of match is considered essential.

EMBLEMS: Shoulder emblems to be sewn on both sleeves 1/4" below shoulder seam. Emblems to be furnished by the vendor and included in the price of the shirt.

MILITARY CREASES: There shall be one (1) crease on each front and three (3) creases on back. Creases are to be stitched in.

PRESSING & PACKING: Shirt shall be carefully pressed in first class manner. Shirt to be shipped in strong boxes so as to not be damaged in shipment.

FINISHED DIMENSIONS: *The finished dimensions of the shirts shall be in accordance with the following schedule:

<u>SIZE</u>	<u>CHEST</u>	<u>WAIST</u>	<u>LENGTH</u>	<u>NECK</u>
28	35	28	27	11
30	37	30	27	11-1/2"
32	39	32	28	12
34	41	34	28	12-1/2"
36	43	36	28	13
38	45	38	28	13-1/2"
40	47	40	28	14
42	49	42	28	14-1/2"
44	51	44	28	15
46	53	46	28	15-1/2"
48	55	48	28	16
50	57	50	28	16-1/2"

MEASUREMENTS: All measurements are approximately to allow for manufacturing tolerance (+/- 1/8").

SPECIFICATION
FLORIDA HIGHWAY PATROL
UNIFORM SHIRTS – LONG SLEEVE (MALE TROOPER)

FABRIC: Plain weave, 75% Dacron Polyester/25% wool Worsted with Mechanical Stretch, (10%) Weight is approximately 9.75-10.25 oz. Per linear yard. Breaking strength is 130 pounds in the warp, 120 pounds in the filling. Construction is 57 ends per inch by 46 picks per inch. Fiber length in the wool is 3-3.5 inches average minimum, Polyester is 3 inches minimum. Raeford fabric 32013, shade 3414. Trim shall be Raeford 32020-11000 black.

STYLE: Long sleeve permanent press police shirt with concealed zipper front and banded collar; tapered form fit. To be in collar and sleeve length size 14-14-1/2 thru 20, with sleeve lengths from 32 thru and including 38. Stitched in military creases. Reece eyelets underarm for ventilation and comfort.

TAILORING: It is imperative that this garment be constructed according to the principles set forth in the specifications. All stitches must be of proper tension and size. Side seams, sleeve seams, and sleeve setting seams shall be double needle stitched.

SHOULDER STRAPS: Raeford Style 32020-11000 to be 2" wide at sleeve head and tapered down to 1-3/4". Ends to be pointed and secured by a 24 ligne, first quality State of Florida metal button on toggle through a well-bound eyelet hole, a protection flap will be provided to protect the wearer from the toggle. Straps to be crossed stitched with x-stitch to a distance of 2-1/4" from sleeve head seam.

LINING: Neckband and yoke to be pinned with pre-shrunk (2-3%) Satin Rayon Twill, 140 count, guaranteed washable lining, to match shirt as closeness of match is considered essential.

STITCHING: Entire shirt to be double needle-stitched 1/4" apart with exception to the pocket flaps and collar which are to be single stitched.

BADGE REINFORCEMENTS: It shall be a separate strip of shirt material, 1-1/2" wide with no raw edges, placed on inside of shirt directly above center of left flap. The top of this strip is to be sewn into the shoulder seam, and the bottom is to be secured by the flap setting seam. To have two open eyelets, spaced 1-1/4" apart on vertical plane and 1-1/4" above top of flap.

NAMEPLATE REINFORCEMENT: It shall be a separate strip of shirt material placed on inside of shirt directly above center of right flap. To have open eyelets spaced 1-9/16" apart on horizontal plane and 3/8" above the top of the flap.

POCKETS: There shall be two pockets; 5-5/8" in width and 5-5/8" deep with center box pleat 1-1/2" wide stitched down to prevent spreading. These shall be die cut and die creased to give uniform shape and size. The lower corners are to be mitred. Each pocket to be hem stitched 3/4" from top and double stitched on edge. Pocket to have well-bound eyelet hole to match buttonhole on flaps. There shall be a pencil stitch in the right side of the left pocket, 1-3/8" wide and extending to bottom of pocket, with opening through top of pocket flaps.

FLAPS: Each pocket shall have a scalloped flap, 5-7/8" wide and 2-3/4" in depth at center point, 2-1/4" at sides plus the black piping on each side and bottom. The left flap is to have a pencil opening of 1-3/8". Flaps to be prepped for securing by a metal button and toggle. A 1/8" piping made from Raeford Style 32020-11000 shall be placed around outer edges of each flap. This must be attached with extreme care to insure uniform width. The side points of the flaps are to be secured to the pockets by means of Velcro fasteners, male and female, sewn onto the flaps and pockets. Size of Velcro fasteners to be 3/8" x 1" and to be complimentary tan in color. Pocket flaps shall be lined with #550 stabilized mello-press interlining to give flaps body and long wearing affect.

FRONTS: The left front shall have a top center 1-1/2" wide with four rows of stitches, the outer rows 1/16" in from edge and the inner rows 3/8" in from edge. The left front shall have 7 buttonholes spaced 3-1/2" apart, center to center, and to be set in 3/4" from edge. The button front shall contain 7 buttons, securely attached, and correspond to the buttonholes on the center front. Zipper to be sandwiched and to extend from the second to the sixth buttonhole with the stitch to be concealed under the center strip. Front to have seven buttons and buttonholes.

ZIPPER: To be Talon nylon separating zipper with nylon coil, matching binder seam, coordinated color for all components.

SLEEVES: To be one piece, no bias, of one piece shaped at head, jacket type. The cuffs are to be 2-5/8" in width with rounded corners and to fasten with 2 buttons. Sleeves are to be tapered in proportion to finished measurements. Sleeve vent 5-1/2" long with top and bottom facings. Top facing to measure 1-1/8" wide point blocked at top. Under facing 1/2" wide. A continuous strip facing is unacceptable.

EMBLEMS: Shoulder emblems to be sewn on both sleeves 1-4" below shoulder seam. Emblems to be furnished by the vendor and included in the price of the shirt.

CREASES: There shall be one (1) crease on each front and three (3) creases on back. Creases are to be stitched in.

COLLAR: Pressed stand-up collar. Collar and band to be die cut and die creased to insure uniformity. The pointed, widespread, shall be 3-1/4" in length. When the collar is buttoned, there must be a tie space of 1/4". Permanent collar stays of proper length are to be sewn inside collar.

COLLAR STAYS: The collar stays shall be of good quality Stalar Vinyl, 2-1/2" in length and 3/8" wide.

BUTTONS: All buttons except shoulder strap and pocket buttons to be finest government specification Melamine and shall match the shirt fabric. Shirts to have seven (7) buttons on front.

LABEL: Woven label to be sewn into collar seam on inside of shirt. The embroidery wording to contain the following: manufacturer, size, (collar and sleeve length), garment care, and type of fabric. If size will not fit on this label, additional small cloth tab with collar size on it may be sewn in seam next to larger label. Label to be fade and wash proof. Additional care label may be sewn inside front shirttail.

PRESSING & PACKING: All shirts to be pressed in conformity with good trade practice. Shirts to be folded and hand pressed, using jet clips. Two collar strips are to be placed in each side, one inside collar and the other outside.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

FLORIDA HIGHWAY PATROL
UNIFORM SHIRT – SHORT SLEEVE (MALE TROOPER)

FABRIC: Plain weave, 75% Dacron Polyester/25% Wool Worsted with Mechanical Stretch, (10%) Weight is approximately 9.75-10.25 Oz per linear yard. Breaking strength is 130 Pounds in the Warp, 120 Pounds in the filling. Construction is 57 ends per inch by 46 picks per inch. Fiber length in the Wool is 3-3.5 inches average minimum, Polyester is 3 inches minimum. Raeford Fabric 32013, shade 3414, Trim shall be Raeford 32020-11000 Black.

STYLE: Short sleeve permanent press police shirt with concealed zipper front and banded collar; tapered form fit. To be in collar size 14-14-1/2 thru 20. Stitched in military creases. Reece eyelets underarm for ventilation and comfort.

TAILORING: It is imperative that this garment be constructed according to the principles set forth in the specifications. All stitches must be of proper tension and size. Side seams, sleeve seams, and sleeve setting seams shall be double needle stitched.

STITCHES: Entire shirt to be double needle-stitched 1/4" apart with exception to the pocket flaps and collar, which are to be single stitched.

COLLAR: The collar is to be single stitched 3/16" from edge. The shape and style of the collar leaf shall conform to the SR convertible collar. The points, widespread shall be 3-1/4" in length. Banana to have lining of 100% Satin Polyester in matching color. Permanent collar stays of proper length are to be fused inside collar.

SLEEVES: To be straight and whole. Top of sleeve to measure 9-1/2" from shoulder seam. Sleeves to be finished with hem measuring 1" in width. Four Reece eyelets underarm for ventilation and comfort.

FRONTS: Each front shall have a facing 3" in width extending from neckline to bottom of shirt provided by a turn-under of material. The left front shall have a center pleat with four rows of stitching, the outside row 1/16" in from edge and the inner row 3/8" in from edge. The left front shall have 7 buttonholes spaced 3-1/2" apart, center to center and to be set 3/4" from the edge. The second buttonhole to be positioned 3" from the top buttonhole. The button front shall contain 7 buttons, securely attached, and correspond to the buttonholes on the center front. Zipper to be sandwiched and to extend to be concealed under the center strip. Front to have seven buttons and buttonholes.

ZIPPER: To be Talon nylon separating zipper with nylon coil, matching binder seam, coordinated color for all components.

POCKETS: There shall be two pockets; 5-5/8" in width and 5-5/8" deep with center box pleat 1-1/2" wide stitched down to prevent spreading. These shall be die cut and die creased to give uniform shape and size. The lower corners are to be mitred. Each pocket to be hem stitched 3/4" from top and double stitched on edge. Pocket to have well-bound eyelet hole to match buttonhole on flaps. There shall be a pencil stitch in the right side of the left pocket, 1-3/4" wide and extend to the bottom of the pocket, with opening through top of pocket flap.

FLAPS: Each pocket shall have a scalloped flap, 5-7/8" wide and 2-3/4" in depth at center point, 2-1/4" at sides plus the black piping on each side and bottom. The left flap is to have a pencil opening of 1-3/8". Flaps to be prepped for securing by a metal button and toggle. A 1/8" piping made from Raeford Style 32020-11000 shall be placed around outer edges of each flap. This must be attached with extreme care to insure uniform width. The side points of the flaps are to be secured to the pockets by means of Velcro fasteners, male and female, sewn on the flaps and pockets. Size of Velcro fasteners to be 3/8" x 1" and to be complimentary tan in color. Pocket flaps shall be lined with crease and tack lining to give flaps body and long wearing affects. Flaps to have 1/16" stitched permanent crease.

BADGE REINFORCEMENTS: It shall be a separate strip of shirt material, 1-1/2" wide with no raw edges, placed on inside of shirt, directly above center of left flap. The top of this strip is to be sewn into the shoulder seam, and the bottom is to be secured by the flap setting seam. To have two open eyelets, spaced 1-1/4" apart on vertical plane and 1-1/4" above top of flap.

NAMEPLATE REINFORCEMENT: It shall be a separate strip for shirt material placed on inside of shirt, directly above center of right flap. To have open eyelets spaced 1-9/16" apart on horizontal plane and 3/8" above the top of the flap.

SHOULDER STRAPS: Material to be Raeford Style 32020-11000. The shoulder straps shall be pointed at the end toward the collar of the shirt and shall be prepped for fastening by a 24 ligne, metal button and toggle through a well bound eyelet hole; a protection flap will be provided to protect the wearer from the toggle. The other end shall be secured in the sleeving seam. These shall be die cut and die creased to give uniform size and shape. Shoulder straps shall measure 2" at sleeve head and taper to 1-3/4" at button end. These shall be double stitched on edge and box stitched to shoulder with row of cross stitching 2-1/4" from sleeve head and diagonally across from each end of seam to sleeve head.

BUTTONS: All buttons to be finest government specification Melamine and shall match the shirt fabric. All metal buttons and toggles to be shipped separate from shirt.

INTERLINING: All interlining shall be first quality pre-shrunk sheeting. Collar to have 5.00 weight and 44 x 44 count.

LABEL: Woven label to be sewn into collar seam on inside of shirt. The embroidery wording to contain the following: manufacturer, size, garment care and type of fabric. If size will not fit on this label, additional small cloth tab with collar size on it may be sewn in seam next to larger label. Label to be fade and wash proof.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

YOKE LINING: Neckband and yoke to be lined with pre-shrunk (2-3 oz.). Satin Rayon Twill, 140 count, guaranteed washable lining, to match shirt, as closeness of match is considered essential.

EMBLEMS: Shoulder emblems to be sewn on both sleeves ¼" below shoulder seam. Emblems to be furnished by the vendor and included in the price of each garment.

MILITARY CREASES: There shall be one (1) crease on each front and three (3) creases on back. Creases are to be stitched in.

PRESSING AND PACKING: Shirts shall be carefully pressed on hot head machines. Shirts to be folded and hand pressed using jet clips.

FLORIDA HIGHWAY PATROL
TROUSERS (FEMALE TROOPER)

FABRIC: Raeford 32020, shade 437, 75% Dacron Polyester, 25% Wool, Gabardine weave-Mechanical stretch 10% Breaking Strength: 125lbs. in the warp, 80lbs. in the filling. Weight 11.00-11.50 oz. per linear yard.

Construction: 77 ends per inch, 56 picks per inch.

Fiber Length: wool 3-3.5 inches average minimum, Polyester 3 inches minimum.

Dye Procedure: Piece Dyed

Color: Taupe

STYLE: Shall conform to modern updated ladies slacks. Must be made to ladies pattern.

POCKETS: Front pockets to be quarter top, deeply faced, no less than 1-1/2" at top opening and 3-1/2" at bottom opening; 6" wide by 6" deep (plus or minus 1/8"). Opening at top to be 1-1/2" from side seam. Two double piped hip pockets with tabs and buttoned; 5-1/4" wide (plus or minus 1/8") by 5-1/2" deep (plus or minus 1/8"). To be 50% polyester and 50% cotton; to match fly lining and waistband.

STRIPE: A 1" stripe of black gabardine, Raeford 32020-11000, sewn into side seam of pant. Stripe must be sewn into waistband and extend down side seam to bottom of trouser. Stripe to measure exactly 1" at all points. All shipments will be checked and any not meeting this requirement will be returned to vendor.

SIZES: All trousers are to be made in stock sizes, 4 through 24. Sufficient material must be allowed to let out waist a minimum of 2". Unfinished lengths to be hemmed to individual request.

FLY: Zipper to be Talon Nickel Plated Brass, Style 42, with matching tape. All trousers to have French Fly made of self goods. Back lining of 50% polyester and 50% cotton, to match waistband and pockets.

WAISTBAND: Outside waistband is to be a minimum of 1-3/4" wide, (self-material). It will be sewn to the waistband lining at top and waistband curtain is to be blind stitched at bottom.

WAISTBAND CONSTRUCTION: Right fly lining and crotch piece extension are lined with same material as pocketing. (To be one piece and sewn down flat). There is to be continuous French fly extension at the end of the French fly that will attach to button that is sewn on left side of waistband lining. Left fly is to be lined and corded.

INNER WAISTBAND: Inner waistband to be Comfort in Action III with XI.91 interlining (or preapproved equivalent). Inner waistband to be composed in two parts, a 2-1/2" wide two-zone inner waistband and a 1" wide interlining of elastic. The 2-1/2" wide inner waistband shall be composed of a 4% nylon/86% Polyester/10% Spandex. It will have 45% manual elongation and a two-zone construction. The upper zone is stiff to give body to upper waistband portion and help prevent waistband rollover and ribbed to help hold shirttail in. The lower part is soft to stretch around hips, supporting the slack. The 1" wide stiff elastic will be an interlining to form the cap of the trousers and help prevent waistband rollover. This elastic shall be composed of 5% Nylon Monofilament/84% Polyester/11% Spandex with a manual elongation of 35% (+ or - 10%). Waistband is blindstitched, not topstitched to assure banding stretch. Bottom portion is specially beamed and warped in a diagonal twill portion of band, approximately 1/4" high letters (CIA III), with a 4.75" separation between each identification repeat.

LOOPS: Belt loops, 2" high by minimum 5/8" wide, to be made on double needle belt looper. Belt loops to be double thickness, with edges to butt and stitched on reverse side. Overlapping edges on the reverse will not be acceptable. There shall be a minimum of five (5) belt loops including one at center back for outlet seam.

POCKETING: All pocketing will be made of polyester/cotton blend permanent press dress drill with an approximate content of 50% polyester/50% cotton in the spun warp - 100% texturized polyester in the filling - for a total count of 70% polyester/30% cotton. Pocketing will harmonize with color of pants and waistband. Pocketing shall test to a minimum abrasion of 225 cycles per ASTM D3886 (Inflated Diaphragm) for the uncoated area; bottom of front pockets (approximately 2-1/2") shall be coated; area shall test to a minimum abrasion of 1100 cycles before initial rupture. This shall substantially increase pocket strength over double reinforced pockets, without the unsightly ridges of double pockets. NO SUBSTITUTES OR EXCEPTIONS.

LABELING: All trousers will be finished with a woven (not printed) label, permanently affixed. It will include the correct fiber content of the fabric and identification of brand as well as garment care instructions.

CREASING: Front & Back Fashion set permanent creases. Fashion set is a special process for permanent front and back creases, formed by an invisible resin treatment. It is bonded to the inside of the trousers, insuring clean, sharp, straight creases. Fashion set is not a baked-in process that can burn or damage cloth fibers.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

FLORIDA HIGHWAY PATROL
TROUSERS (MALE TROOPER)

FABRIC: Raeford 32020, shade 437, 75% Dacron Polyester, 25% Wool, Gabardine weave-Mechanical stretch 10% Breaking Strength: 125 lbs. in the warp, 80 lbs. in the filling. Weight 11.00-11.50 oz. per linear yard.

Construction: 77 ends per inch, 56 picks per inch.

Fiber length: Wool 3-3.5 inches average minimum, Polyester 3 inches minimum.

Dye procedure: piece dyed.

Color: taupe.

POCKETS: Front pockets to be quarter top, deeply faced, no less than 1-1/2" at top opening and 3-1/2" at bottom opening: 6-1/2" wide by 6-1/4" deep (plus or minus 1/8"). Opening at top to be 1-1/2" from side seam. Two double piped hip pockets with tabs and buttoned: 5-3/4" wide (plus or minus 1/8") by 6" deep (plus or minus 1/8"). To be 50% polyester and 50% cotton; to match fly lining and waistband, and to be as close to the color of trousers as possible.

STRIPE: A 1" stripe of black gabardine, Raeford 32020-11000, sewn into side seam of pant. Stripe must be sewn into waistband and extend down side seam to bottom of trouser. Stripe to measure exactly 1" at all points.

SIZES: To be sizes 28,29,30,31,32,33,34,35,36,37,38,39,40 to 48 regular rise, 30 thru 44 (even sizes only) in long rise, and 28 thru 40 (even sizes only) short rise. Trousers are to have open unfinished lengths to be hemmed to individual request. Sufficient material must be allowed to let out waist a minimum of 2".

FLY: Zipper to be talon nickel-plated brass, style 42, with matching tape. All trousers to have French fly made of self-goods. Back lining of 50% polyester and cotton, to match waistband and pockets.

WAISTBAND: Outside waistband is to be a minimum of 2" wide; (self-material). It will be sewn to the waistband lining at top and waistband curtain is then blind stitched at the bottom.

WAISTBAND CONSTRUCTION: Right fly lining and crotch piece extension lined with same material as pocketing. (To be one piece and sewn down flat). There is to be continuous French fly extension at the end of the French fly that will attach to button that is sewn on left side of waistband lining. Left fly is to be lined and corded.

INNER WAISTBAND: Inner waistband to be Comfort in Action III with XI.91 interlining (or preapproved equivalent). Inner waistband to be composed in two parts, a 2-1/2" wide two-zone inner waistband and a 1" wide interlining of elastic. The 2-1/2" wide inner waistband shall be composed of a 4% nylon/86% Polyester/10% Spandex. It will have 45% manual elongation and a two-zone construction. The upper zone is stiff to give body to upper waistband portion and help prevent waistband rollover and ribbed to help hold shirttail in. The lower part is soft to stretch around hips, supporting the slack. The 1" wide stiff elastic will be an interlining to form the cap of the trousers and help prevent waistband rollover. This elastic shall be composed of 5% Nylon Monofilament/84% Polyester/11% Spandex with a manual elongation of 35% (+ or - 10%). Waistband is blindstitched, not topstitched to assure banding stretch. Bottom portion is specially beamed and warped in a diagonal twill portion of band, approximately 1/4" high letters (CIA III), with a 4.75" separation between each identification repeat.

LOOPS: Minimum of seven loops including one at center back for outlet seam, 2" high by 1" wide, to be made on double needle belt looper. Belt loop to be double thickness, with edges to butt and stitched on reverse side. Overlapping edges on the reverse side will not be acceptable.

POCKETING: All pocketing will be made of polyester/cotton blend permanent press dress drill with an approximate content of 50% polyester/50% cotton in the spun warp-100% texturized polyester/30% cotton. Pocketing will harmonize with color of pants and waistband. Pocketing shall test to a minimum abrasion of 225 cycles per ASTM D3886 (Inflated Diaphragm) for the uncoated area; bottom of front pockets (approximately 2-1/2") shall be coated; area shall test to a minimum abrasion of 1100 cycles before initial rupture. This shall substantially increase pocket strength over double reinforced pockets, without the unsightly ridges of double pockets. NO SUBSTITUTES OR EXCEPTIONS.

SERGING: All serging to be done on a three-thread machine in good adjustment. Serging to be neat and to extend in a minimum of 3/16" from the edge.

BAR TACKING: At all points of strain.

SEAT SEAM: To be sewn on a double needle chainstitched machine with 1/32 gauge. Single needle or lock stitch seat seams will not be acceptable.

DRESSING AND UNDERDRESSING: All seams to be cracked and underpressed including waistband seam. All trousers to be off pressed completely.

POCKET TABS: Hip pocket tabs shall be of self-goods and on both pockets. Shape and dimensions shall conform to Figure 1 below:

LABELING: All trousers will be finished with a woven (not printed) label, permanently affixed on waistband. It shall include the correct fiber content of the fabric, identification of brand, garment care and size (waist and whether short, long or regular rise). If size will not fit on this label, additional small cloth tab with size and rise (short, regular or long) on it may be sewn in seam next to larger label. Label to be fade and wash proof.

CREASING: Front & Back Fashion Set permanent creases. Fashion Set is a special process for permanent front and back creases, formed by an invisible resin treatment. It is bonded to the inside of the trousers, insuring clean, sharp, straight creases. Fashion Set is not a baked-in process that can burn or damage cloth fibers.

CROTCH LINING: Back panels to have crotch liners. Triangular dimensions of crotch liners are to be approximately "3-1/2" x 9". Crotch lining to be made of black satin 100% Polyester fabric.

CARE INSTRUCTIONS: Dry-clean or machine-wash warm with like colors. (90 to 100 degrees F.) (32 to 43 degrees C.) Tumble-dry (120 degrees F.) (49 degrees C.) Warm iron if needed.

MOTOR BREECHES

COLOR: Pink tan (Taupe)

FABRIC: Raeford 32020, shade 437, 75% Dacron Polyester, 25% Wool, Gabardine weave-Mechanical stretch 10% Breaking strength: 125 lbs. in the warp, 80 lbs. in the filling, weight 11.00-11.50 oz. per linear yard. Construction: 77 ends per inch, 56 picks per inch. Fiber Length: Wool equals 3-3.5 inches average minimum, Polyester equals 3 inches minimum Dye Procedure: Piece Dyed. Color: Taupe

BASIC DESIGN: Breeches shall be manufactured from up to date patterns and no baggy seat. The front shall be plain (no pleats) with two top pockets, two hip pockets. Left hip pocket to have a tab to button.

POCKETING: Pocket material will be at least 2.70 weight on a 45" basis, containing 50/50 Polyester Rayon. Construction of 78 warp/64 fill, yarn size of 35 warp/20 fill, fiber blend of warp 50/50 Polyester/Rayon, fill 50/50 Rayon.

STRIPE: A 1" stripe of black gabardine, Raeford 32020-11000 extending from waistband seam down. Stripe to be single stitched 1/16". Stripe to be turned under 3/8" and pressed flat before being sewn on. Stripe to measure exactly 1" at all points of trousers.

ZIPPER: To be talon nickel-plated brass zipper, style 33, with matching tape. All trousers as closely as possible. To have Grip-Flex Hook at waistband, the Eye being bartacked for stability. Back center of trousers made with closed Bond method, not Browne method.

WAISTBAND LINING: The waistband lining to match pocketing material and include in the construction both a Banroll filler and Snugtex.

LOOPS: Minimum of seven belt loops included one at center back for outlet seam, 2" high by 1" side, to be made of double needle belt looper. Belt loops to be double thickness, with edges to butt and stitched on reverse aids. Overlapping edges on the reverse will not be acceptable.

SERGING: All serging to be done on a three thread machine in good adjustment. Serging to be neat and to extend in a minimum of 3/16" from the edge.

SEAT SEAM: To be sewn on a double needle chainstitched machine with 1/32 gauge. Single needle or lock stitch seat seams will not be acceptable.

LEG: The bottom of each leg is to have zipper closure with automatic double lock slider.

REINFORCEMENTS: Reinforcements shall consist of a separate double seat and double knee and are to be made of the same material as the breeches.

SEAMS: Center back turn under shall be no less than 3" to take care of any alterations. The hip darts are to be cut open and underpressed flat before hip pockets are out. Top stitched hip darts are not acceptable.

BARTACKS: To be placed at each end of the pocket opening and all other points of strain.

LABELING: All trousers will be finished with a woven (not printed) label, permanently affixed on waistband. It shall include the correct fiber content of the fabric, identification of brand, garment care and size (waist and whether regular, short or long rise). If size will not fit on this label, additional small cloth tab waist size and rise on it may be sewn next to larger label. Labels to be fade and wash proof.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle; wash darks separately. Use any detergent but no soap or fabric softener. Tumble dry low heat and remove promptly. If steam iron desired, use low setting. May be dry-cleaned.

CHARACTER OF TAILORING: The interior of the breeches must present a completely matched interior in all respects of trimming, pocketing, waistband curtain and crotch linings. The breeches must be cleaned after manufacture with all loose threads removed. All seams are to be thoroughly underpressed.

SIZES: All Motor Breeches are Made-to-Measure and each Trooper shall be custom fit.

**COMMUNITY SERVICE OFFICERS
GABERDINE FEMALE TROUSERS**

MILL: Milliken

FABRIC: #7470

SHADE: #6048

COLOR: Black

FABRIC: 100% texturized Polyester 2 Ply 11.25 Oz per linear yard. Gabardine weave. Gabardine finish used in the manufacture of these trousers is mandatory. Fabric to include Visa, a soil release finish that combines with it a color bright retention and moisture absorbency for maximum comfort.

Tensile strength should test to 278-lbs. warp, and 232 lbs. fill

Tear strength should test to 13.5 lbs. Warp, 13.5 lbs. fill.

Color shall be rated on 40 hours lightfastness and against perspiration shade change (AATCC approved tests). Shrinkage allowance approximately 2%.

STYLE: The style shall conform to modern updated contour cut ladies uniform trousers. Plain front, 2 front and 2 back pockets. Front pockets are quarter top style with a minimum of 5" opening. The front pockets will have separate handset inside facing to give four-ply strength at the entry of the pockets. The front pockets will be hung to the side seam of the trousers and locked with a bar-tack at the top and bottom of the pocket opening. The two back pockets will have a Reece piped entry. They will have a minimum opening of 5". Front and back pockets are to be stitched, turned and topstitched.

BELT LOOPS: All belt loops are to be lined and of double thickness butted on reverse side and blind stitched. They shall be a minimum of 3/4" wide by 2" long and are to be sewn into the waistband seam at top and bottom.

WAISTBAND: Outside waistband is to be a minimum of 2" wide, (self-material). It will be sewn to the waistband lining at top and waistband curtain is then blind stitched at the bottom.

WAISTBAND CONSTRUCTION: Right fly lining and crotch piece extension lined with same material as pocketing. (To be one piece and sewn down flat.) Left fly is to be lined and corded.

INNER WAISTBAND: Inner waistband to be Comfort in Action III with XI.91 interlining or pre-approval equivalent. Inner waistband to be composed in two parts, a 2-1/2" wide two-zone inner waistband and a 1" wide interlining of elastic. The 2-1/2" wide inner waistband shall be composed of a 4% nylon/86% Polyester/10% Spandex. It will have 45% manual elongation and a two-zone construction. The upper zone is stiff to give body to upper waistband portion and help prevent waistband rollover and ribbed to help hold shirttail in. The lower part is soft to stretch around the hips, supporting the slack. The 1" wide stiff elastic will be an interlining to form the cap of the trousers and help prevent waistband rollover. This elastic shall be composed of 5% nylon mono-filament/84% Polyester/11% Spandex with a manual elongation of 35% (+ or - 10%). Waistband is blindstitched, not topstitched to assure banding stretch. Bottom portion is specially beamed and warped in a diagonal twill portion of band, approximately 1/4" high letters (CIA III), with a 4.75" separation between each identification repeat.

ZIPPER & CLOSURE: Talon (Gripper-Zipper) #42 brass or equivalent will also have metal button stop, permanent press treated tape, hook-flex steel waistband closure.

STITCHING, PRESSING AND FINISHING: The trousers must be stitched with matching thread and all stitching must be 10-11 stitches per inch. The trousers must be neatly pressed on hot head presses and properly shaped. Outseams and inseams must be pressed open to maintain a neat and professional appearance. The trousers must be cleaned and finished to eliminate loose threads. There must be a Texpak clip attached to the top fly of the finished trousers to insure shape retention during shipping.

POCKETING: All pocketing will be made of a polyester/cotton blend permanent dress drill with an approximate content of 50% polyester/50% cotton in the spun warp-100% texturized polyester in the filling; for a total content of 70% polyester/30% cotton. Pocketing will harmonize with color of trousers and waistband. Pocketing shall test to a minimum abrasion of 225 cycles per ASTM D3886. (Inflated Diaphragm) for the uncoated area; Bottom of front pockets, (Aprox. 2-1/2"), shall be coated. Area shall test to a minimum abrasion of 1100 cycles before initial rupture. This shall substantially increase pocket strength over reinforced pockets without the unsightly ridges of double pockets.

STRIPE: A 1" stripe of Taupe gabardine, extending from waistband seam down. Stripe to be single stitched 1/16". Stripe to be turned under 3/8" and pressed flat before being sewn on. Stripe to measure exactly 1" at all points of trousers.

LABELING: All trousers will be finished with a woven (not printed) label, permanently affixed. It will include the correct fiber content of the fabric and identification of brands as well as garment care instructions.

CREASING: Front & Back fashion set permanent creases.

Fashion set is a special process for permanent front and back creases, formed by an invisible resin treatment. It is bonded to the inside of the trousers, insuring clean, sharp, straight creases. Fashion set is not a baked-in process that can burn or damage cloth fibers.

CARE INSTRUCTIONS: Machine wash in warm water delicate cycle. Wash darks separately. Use any detergent, but not soap, bleach or fabric softener. Tumble dry, low heat and remove promptly, Steam iron, using a low setting. May be dry cleaned.

SIZES: To be sizes 4 to 30 in open unfinished lengths to be hemmed to individual request.

All measurements are approximate and "based" on size 12. All other sizes are graded from these measurements according to size.

**COMMUNITY SERVICE OFFICER
MALE LONG SLEEVE SHIRTS**

MILL: Milliken

FABRIC: 100% Texturized Dacron Polyester (Featherweight) Gabardine Weave. 2X1 construction, 7.0 per linear yard or 4.3 oz. (+ or - 0.25) per square yard. Finished thread counts-93 warp ends and 80 filling picks per square inch. Shrinkage allowance is approximately 1.5%. Fast color, guarantees washable. Permanent Press, subject to washing instructions. Fabric to include Visa Finish, a soil release that combines with color bright retention and moisture absorbency for maximum comfort. Color shall be rated 4.0 on 20 hour light fastness, laundering and against perspiration change. (AATCC approved test). Tear strength should test to 7.0 lbs. warp, 6.4 lbs. Fill prior to fabric tearing. Pilling test to 5.0 out of maximum of 5.0 after first five washings. Abrasive resistance noticeable wears at 5000+ cycles. Wrinkle recovery tests to 3.5 out of a maximum of 5.0. Soil release test to 4.0 out of a maximum of 5.0. Moisture wicking (the ability of a fabric to absorb and disperse moisture) on a one to four second test.

FABRIC: # 7452

SHADE: #9061

COLOR: White

STYLE: Long sleeves permanent press men shirt with concealed zipper front and banded collar; tapered form-fit and stitched-in military creases.

COLLAR: Dress style collar. Die-cut. Permanent sewn-in collar stays. Collar shall be interlined 100% cotton fusible interlining for light colors (for dark colors, 100% Dacron interlinings). Banana to have lining of 100% Satin Polyester. Collar points approximately 3-1/2" long; top stitched 3/16" from edge.

SHOULDER EPAULETS: Shoulder straps to measure approximately 2" at sleeve head tapered to approximately 1-3/4" at ends that are to be pointed. Point of straps to be approximately 1/2" from collar. Straps to be sewn down at the sleeve with single stitching. Straps to be stitched to shoulder with single needle machine forming an "X". Buttons attached to shoulder to match strap buttonhole. Length of straps to be graduated to size of shirt.

POCKETS: Two pockets with 15/16" box pleats stitched to prevent spreading. Pockets to be 5" long by 4-3/4" wide with mitered corners. Pockets to be die-cut and die creased to insure uniformity of shape and size. Buttons sewn on pockets to button through flap. Both pockets to have a pencil division. Each pocket to have 1/16" stitched in creases running vertical, bisecting through the box pleat. Gripper snaps at top corners to match flap snaps.

FLAPS: Two scalloped flaps 5" wide at sides and 2-1/4" at center. Die cut and creased to insure uniformity of shape and size. Lined with 100% cotton – Crease'n Tack.

FRONTS: The front shall have a lined top center placket, 1-1/2" wide, two rows of stitching extending from collar stand to bottom of shirt. Zipper to be concealed and extends from the third to the fifth buttonhole with the stitch to be concealed under the center strip. Front to have 7 buttons and buttonholes. The button stand, 7/8" wide, shall be self lined extending from collar stand to the bottom of shirt.

ZIPPER: To be YKK Nylon separating zipper with nylon coil, matching binder seam, coordinating color for all components. All molded plastic.

BADGE HOLDER: There shall be inside sling badge holder of self goods approximately 1-1/2" wide to extend from shoulder seam to approximately 2-1/2" below top of pocket on left front. There shall be two thread eyelets 1-1/8" apart with the lower eyelet approximately 1" above the flap to be on vertical line with pocket pleat.

CLOTH SHOULDER PROTECTOR FOR METAL BUTTON: There is to be reinforcement of self cloth 1" wide by approximately 2-1/4" long that is set into the collar seam and stitched to yoke so as to prevent shank of metal button if used on shoulder straps from digging into wearer's shoulder.

MILITARY CREASES: Shirts to have stitched-in creases, two on front, three on back. The front back flaps and pockets to give appearance of permanent military press. Flaps and pockets to have 1/16" stitched-in creases.

SLEEVES: One-piece with top placket one inch wide and under placket 1/2" wide both the same material as garment. Placket to be 6" long from top of cuffs terminating with a 3" adjustable 4-button cuff. Banjo shape elbow reinforcement extending to top of cuff. Sleeves should be tapered in proportion to finished measurements given below. One agency emblem sewn on each sleeve.

CUFF: To measure 2-1/2" wide interlined. Two buttons with corresponding buttonholes on each cuff.

LINING: Collar and flap linings to be 100% Dacron Polyester.

BACK: With double Yoke. Yoke to be approximately 2-1/4" wide at center point, 2-5/8" wide on each end where joined into sleeve. Inside yoke to be of 100% Polyester Satin lining small holes to be set under buttons matching shoulder straps buttonholes.

BUTTONS: Buttons will be of first quality pearlized Polyester in a matching or coordinated color, to withstand excess wear and laundering. Size will be 19 Ligne and 4-hole style.

STITCHING: Sleeving and closing operations-overlock with safety stitch.

LENGTH: Minimum length for all sizes to be approximately 32-1/2" measured from collar seam to bottom of tail center of back.

CUTTING: Collar, pockets and flaps are to be Die-cut to insure absolute uniformity.

PACKING AND FOLDING: All shirts to be thoroughly hot head pressed and hand finished in conformance with good trade practice on better civilian shirts. Jet clips to be used throughout. Two cardboard collar strips are to be placed in each shirt. One inside the collar and the other underneath collar.

SIZES: Collar sizes from 14-1/2" thru size 20 with sleeve lengths from 32" thru 37".

CARE INSTRUCTIONS: Machine wash in warm delicate cycle; wash dark separately. Use any detergent but NO SOAP OR FABRIC SOFTENER. Tumble dry low heat and remove promptly. If steam iron desired, use low setting. May be dry-cleaned.

EMBROIDERY: FHP Badge w/Community Service Officer embroidered on left breast.

EMBLEMS: Each shirt will have an Agency C.S.O. Emblem sewn on each sleeve provided by vendor.

Color to be specified at time of order.

Back embroidery with 3" solid fill of "Police K-9" if specified add: \$ 8.00. To be Martins (Tampa) or equivalent.

SPECIFICATION
FHPA
UNIFORM SHIRTS-SHORT SLEEVE (FEMALE TROOPER)

FABRIC: Plain weave, 75% Dacron Polyester 25% Wool Worsted with Mechanical Stretch, (10%) Weight is approximately 9.75-10.25 Oz per linear yard. Breaking strength is 130 Pounds in the Warp, 120 Pounds in the Filling. Construction is 57 ends per inch By 46 picks per inch. Fiber length in the Wool is 3-3.5 inches average minimum, Polyester is 3 inches minimum. Raeford Fabric 32013, shade 3414, trim Raeford 32020-11000 Black.

STYLE: Short sleeve permanent press women's police shirt with concealed zipper front and banded collar; tapered form fit. To be in collar and sleeve length size 28 thru 50. Stitched in military creases. Reece eyelets underarm for ventilation and comfort.

TAILORING: It is imperative that this garment be constructed according to the principles set forth in the specifications. All stitches must be of proper tension and size. Side seams, sleeve seams, and sleeve setting seams shall be double needle stitched.

STITCHING: Entire shirt to be double needle-stitched ¼" apart with exception to the pocket flaps and collar which are to be single stitched.

COLLAR: The collar is to be single stitched 3/16" from edge. The shape and style of collar leaf shall conform to the SR convertible collar. The points, widespread shall be 3" in length. Permanent collar stays of proper length are to be sewn inside collar.

SLEEVES: To be straight and whole. Top of sleeve to measure 7-1/2" from shoulder seam. Sleeve to be finished with hem measuring ¾" in width.

FRONTS: Each front shall have a facing 3" in width extending from neckline to bottom of shirt provided by a turn-under of material. The right front shall have an imitation center pleat with two rows of stitching 7/8" apart. The right front shall have 6 buttonholes, 1 horizontal and 5 vertical, spaced 3-1/2" apart and to be set from top buttonhole. The button front shall contain 6 buttons securely attached and corresponding to the buttonholes on the center front. Zipper to be sandwiched and to extend from the second to the fifth buttonhole with the stitch to be concealed under the center strip. Front to have six buttons and buttonholes.

ZIPPER: To be Talon nylon separating zipper with nylon coil, matching binder seam, coordinated color for all components.

POCKETS: There shall be two pockets; 5" in width and 5" deep with stitched center pleat 1-1/2" wide stitched down to prevent spreading. The lower corners are to be mitred. Each pocket to be hem stitched ½". There is to be a pencil stitch in the right side of the left pocket, 1-1/2" wide with opening through top of pocket flap. Pockets to have well bound eyelet hole to match buttonhole on flap.

STYLE: Semi-form fitted; must be styled to a ladies pattern.

FLAPS: Each pocket shall have a scalloped flap, 5-7/8" wide and 2-3/4" in depth at center point, 2-1/4" at sides. And be black in color. The left flap is to have a pencil opening of 1-3/8". Flaps to be prepped for securing by a metal button and toggle. The side points of the flaps are to be secured to the pockets by means of Velcro fasteners, male and female, sewn on the flaps and pockets. Size of Velcro fasteners to be 3/8" x 1" and to be complimentary black in color. Pocket flaps shall be lined with crease and tack lining to give flaps body and long wearing affects. Flaps to have 1/16 stitched permanent crease.

BADGE REINFORCEMENT: It shall be a separate strip of shirt material, 1-1/2" wide with no raw edges, placed on inside of shirt, directly above center of left flap. The top of this strip is to be sewn into the shoulder seam, and the bottom is to be secured by the flap setting seam. To have two eyelets, spaced 1-1/4" apart on vertical plane and 1-1/4" above top of flap.

NAMEPLATE REINFORCEMENT: It shall be a separate strip of shirt material placed on inside of shirt directly above center of right flap. To have open eyelets spaced 1-9/16" apart on horizontal plane and 3/8" above the top of the flap.

SHOULDER STRAPS: Material to be Raeford Style 32020-11000 Black. The shoulder straps shall be pointed at the end toward the collar of the shirt and shall be prepped for fastening by a 24 ligne, metal button and toggle through a well bound eyelet hole; a protection flap will be provided to protect the wearer from the toggle. The other end shall be secured in the sleeving seam. These shall be die cut and die creased to give uniform size and shape. Shoulder straps shall measure 2" at sleeve head and taper to 1-5/8" at button end. These shall be double stitched on edge and box stitched to shoulder with row of cross stitching 2" from sleeve head and diagonally across from each end of seam to sleeve head.

BUTTONS: All button to be finest government specification Melamine and shall match the shirt fabric. Buttons to be sewn on left front, with buttonholes on right front to accommodate buttons.

COLLAR STAYS: The collar stays shall be of good quality Stalar Vinyl, 2-1/2" in length and 3/8" wide.

INTERLINING: All interlining shall be first quality pre-shrunk sheeting. Collar to have 5.00 weight and 44 x 44 count.

LABEL: Woven label to be sewn into collar seam on inside of shirt. The embroidery wording to contain the following: manufacturer, size, garment care and type of fabric. If size will not fit on this label, additional small cloth tab with shirt size on it may be sewn in seam next to larger label. Additional care information label may be sewn to front of shirt tail. Label to be fade and wash proof.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

YOKE LINING: Neckband and yoke to be lined with pre-shrunk (2-3 oz.) Satin Rayon Twill, 140 count, guaranteed washable lining, to match shirt as closeness of match is considered essential.

EMBLEMS: Shoulder emblems to be sewn on both sleeves ½" below shoulder seam. Emblems to be furnished by the vendor and included in the price of the shirt.

CREASES: There shall be one (1) crease on each front and three (3) creases on back. Creases are to be stitched in.

PRESSING AND PACKING: Shirts shall be carefully pressed in first class manner. Shirts to be shipped in strong boxes so as to not be damaged in shipment.

FINISHED DIMENSIONS: *The finished dimensions of the shirts shall be in accordance with the following schedule:

<u>SIZE</u>	<u>CHEST</u>	<u>WAIST</u>	<u>LENGTH</u>	<u>NECK</u>
28	35	28	27	11-3/4"

SPECIFICATION
FHPA
UNIFORM SHIRT – SHORT SLEEVE (MALE TROOPER)

FABRIC: Plain weave, 75% Dacron Polyester/25% Wool Worsted with Mechanical Stretch, (10%) Weight is approximately 9.75-10.25 Oz per linear yard. Breaking strength is 130 Pounds in the Warp, 120 Pounds in the filling. Construction is 57 ends per inch by 46 picks per inch. Fiber length in the Wool is 3-3.5 inches average minimum, Polyester is 3 inches minimum. Raeford Fabric 32013, shade 3414, Trim shall be Raeford 32020-11000 Black.

STYLE: Short sleeve permanent press police shirt with concealed zipper front and banded collar; tapered form fit. To be in collar size 14-14-1/2 thru 20. Stitched in military creases. Reece eyelets underarm for ventilation and comfort.

TAILORING: It is imperative that this garment be constructed according to the principles set forth in the specifications. All stitches must be of proper tension and size. Side seams, sleeve seams, and sleeve setting seams shall be double needle stitched.

STITCHES: Entire shirt to be double needle-stitched 1/4" apart with exception to the pocket flaps and collar, which are to be single stitched.

COLLAR: The collar is to be single stitched 3/16" from edge. The shape and style of the collar leaf shall conform to the SR convertible collar. The points, widespread shall be 3-1/4" in length. Banana to have lining of 100% Satin Polyester in matching color. Permanent collar stays of proper length are to be fused inside collar.

SLEEVES: To be straight and whole. Top of sleeve to measure 9-1/2" from shoulder seam. Sleeves to be finished with hem measuring 1" in width. Four Reece eyelets underarm for ventilation and comfort.

FRONTS: Each front shall have a facing 3" in width extending from neckline to bottom of shirt provided by a turn-under of material. The left front shall have a center pleat with four rows of stitching, the outside row 1/16" in from edge and the inner row 3/8" in from edge. The left front shall have 7 buttonholes spaced 3-1/2" apart, center to center and to be set 3/4" from the edge. The second buttonhole to be positioned 3" from the top buttonhole. The button front shall contain 7 buttons, securely attached, and correspond to the buttonholes on the center front. Zipper to be sandwiched and to extend to be concealed under the center strip. Front to have seven buttons and buttonholes.

ZIPPER: To be Talon nylon separating zipper with nylon coil, matching binder seam, coordinated color for all components.

POCKETS: There shall be two pockets; 5-5/8" in width and 5-5/8" deep with center box pleat 1-1/2" wide stitched down to prevent spreading. These shall be die cut and die creased to give uniform shape and size. The lower corners are to be mitred. Each pocket to be hem stitched 3/4" from top and double stitched on edge. Pocket to have well-bound eyelet hole to match buttonhole on flaps. There shall be a pencil stitch in the right side of the left pocket, 1-3/4" wide and extend to the bottom of the pocket, with opening through top of pocket flap.

FLAPS: Each pocket shall have a scalloped flap, 5-7/8" wide and 2-3/4" in depth at center point, 2-1/4" at sides. And be black in color. The left flap is to have a pencil opening of 1-3/8". Flaps to be prepped for securing by a metal button and toggle. The side points of the flaps are to be secured to the pockets by means of Velcro fasteners, male and female, sewn on the flaps and pockets. Size of Velcro fasteners to be 3/8" x 1" and to be complimentary black in color. Pocket flaps shall be lined with crease and tack lining to give flaps body and long wearing affects. Flaps to have 1/16" stitched permanent crease.

BADGE REINFORCEMENTS: It shall be a separate strip of shirt material, 1-1/2" wide with no raw edges, placed on inside of shirt, directly above center of left flap. The top of this strip is to be sewn into the shoulder seam, and the bottom is to be secured by the flap setting seam. To have two open eyelets, spaced 1-1/4" apart on vertical plane and 1-1/4" above top of flap.

NAMEPLATE REINFORCEMENT: It shall be a separate strip for shirt material placed on inside of shirt, directly above center of right flap. To have open eyelets spaced 1-9/16" apart on horizontal plane and 3/8" above the top of the flap.

SHOULDER STRAPS: Material to be Raeford Style 32020-11000. The shoulder straps shall be pointed at the end toward the collar of the shirt and shall be prepped for fastening by a 24 ligne, metal button and toggle through a well bound eyelet hole; a protection flap will be provided to protect the wearer from the toggle. The other end shall be secured in the sleeving seam. These shall be die cut and die creased to give uniform size and shape. Shoulder straps shall measure 2" at sleeve head and taper to 1-3/4" at button end. These shall be double stitched on edge and box stitched to shoulder with row of cross stitching 2-1/4" from sleeve head and diagonally across from each end of seam to sleeve head.

BUTTONS: All buttons to be finest government specification Melamine and shall match the shirt fabric. All metal buttons and toggles to be shipped separate from shirt.

INTERLINING: All interlining shall be first quality pre-shrunk sheeting. Collar to have 5.00 weight and 44 x 44 count.

LABEL: Woven label to be sewn into collar seam on inside of shirt. The embroidery wording to contain the following: manufacturer, size, garment care and type of fabric. If size will not fit on this label, additional small cloth tab with collar size on it may be sewn in seam next to larger label. Label to be fade and wash proof.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

YOKE LINING: Neckband and yoke to be lined with pre-shrunk (2-3 oz.). Satin Rayon Twill, 140 count, guaranteed washable lining, to match shirt, as closeness of match is considered essential.

EMBLEMS: Shoulder emblems to be sewn on both sleeves ½" below shoulder seam. Emblems to be furnished by the vendor and included in the price of each garment.

MILITARY CREASES: There shall be one (1) crease on each front and three (3) creases on back. Creases are to be stitched in.

PRESSING AND PACKING: Shirts shall be carefully pressed on hot head machines. Shirts to be folded and hand pressed using jet clips.

STITCHING: Entire shirt to be double needle-stitched $\frac{1}{4}$ " apart with exception to the pocket flaps and collar which are to be single stitched.

COLLAR: Dress style collar – point approximately 3" long. Double needle top stitched. When the collar is buttoned there must be a tie space of $\frac{1}{4}$ ". Permanent collar stays of proper length are to be sewn inside collar.

SLEEVES: One piece with top placket 1- $\frac{1}{4}$ " wide; bottom placket $\frac{1}{2}$ " wide. Sleeve vent approximately 4- $\frac{3}{4}$ " long with top and bottom facings. No pleats or gathers.

FRONTS: The right front shall have top center 1- $\frac{1}{2}$ " wide with 2 rows off stitching $\frac{7}{8}$ " apart. The right front shall have 6 buttonholes spaced 3- $\frac{1}{2}$ " apart and to be set $\frac{3}{4}$ " from the edge. The second buttonhole to be positioned 2- $\frac{1}{2}$ " from the top buttonhole. The button front shall contain 6 buttons securely attached and corresponding to buttonholes on the center front. Zipper to be sandwiched and to extend from the second to the fifth buttonhole with the stitch to be concealed under the center strip. Front to have 6 buttons and buttonholes.

ZIPPER: To be Talon nylon separating zipper with nylon coil, matching binder seam, coordinated color for all components.

POCKETS: There shall be two pockets; 5" in width and 5" deep with stitched center pleat 1- $\frac{1}{4}$ " wide stitched down to prevent spreading. The lower corners are to be mitred. Each pocket to be hem stitched $\frac{1}{2}$ ". There is to be a pencil stitch in the right side of the left pocket, 1- $\frac{1}{4}$ " wide with opening through top of pocket flap. Pockets to have well bound eyelet hole to match buttonhole on flap.

CUFFS: 2-5/8" wide with 1/2" hem – double needle top stitching. Two buttons with corresponding buttonholes on each cuff.

BANDS: Stand approximately 1-1/4" high; die cut.

FLAPS: Each pocket shall have a scalloped flap, 5-7/8" wide and 2-3/4" in depth at center point, 2-1/4" at sides. And be black in color. The left flap is to have a pencil opening of 1-3/8". Flaps to be prepped for securing by a metal button and toggle. The side points of the flaps are to be secured to the pockets by means of Velcro fasteners, male and female, sewn on the flaps and pockets. Size of Velcro fasteners to be 3/8" x 1" and to be complimentary black in color. Pocket flaps shall be lined with crease and tack lining to give flaps body and long wearing affects. Flaps to have 1/16 stitched permanent crease.

BADGE REINFORCEMENT: It shall be a separate strip of shirt material, 1-1/2" wide with no raw edges, placed on inside of shirt, directly above center of left flap. The top of this strip is to be sewn into the shoulder seam, and the button is to be secured by the flap setting seam. To have two open eyelets, spaced 1-1/4" apart on vertical plane and 1-1/4" above top of flap.

NAMEPLATE REINFORCEMENTS: It shall be a separate strip of shirt material placed on inside of shirt directly above center of right flap. To have open eyelets spaced 1-9/16" apart on horizontal plane and 3/8" above the top of the flap.

SHOULDER STRAPS: Material to be Raeford Style 32020-11000 black. The shoulder straps shall be pointed at the end toward the collar of the shirt and shall be prepped for fastening by a 24 ligne, metal button and toggle through a well bound eyelet hole; a protection flap will be provided to protect the wearer from the toggle. The other end shall be secured in the sleeving seam. These shall be die cut and die creased to give uniform size and shape. Shoulder straps shall measure 2" at sleeve head and taper to 1-5/8" at button end. These shall be double stitched on edge and box stitched to shoulder with row of cross stitching 2" from sleeve head and diagonally across from each end of seam to sleeve head.

BUTTONS: All buttons to be finest government specification Melamine and shall match the shirt fabric. Buttons to be sewn on left front, with buttonholes on right front to accommodate buttons.

COLLAR STAYS: The collar stays shall be of good quality Stalar Vinyl, 2-1/2" in length and 3/8" wide.

INTERLINING: All interlining shall be first quality pre-shrunk sheeting. Collar to have 5.00 weight and 44 x 44 count.

LABEL: Woven label to be sewn into collar seam on inside of shirt. The embroidery wording to contain the following: manufacturer, size, garment care and type of fabric. If size will not fit on this label, additional small cloth tab with shirt size on it may be sewn in seam next to larger label. Label to be fade and wash proof.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

YOKE LINING: Neckband and yoke to be lined with pre-shrunk (2-3 oz.) Satin Rayon Twill, 140 count, guaranteed washable lining, to match shirt as closeness of match is considered essential.

EMBLEMS: Shoulder emblems to be sewn on both sleeves 1/2" below shoulder seam. Emblems to be furnished by the vendor and included in the price of the shirt.

MILITARY CREASES: There shall be one (1) crease on each front and three (3) creases on back. Creases are to be stitched in.

PRESSING & PACKING: Shirt shall be carefully pressed in first class manner. Shirt to be shipped in strong boxes so as to not be damaged in shipment.

FINISHED DIMENSIONS: *The finished dimensions of the shirts shall be in accordance with the following schedule:

<u>SIZE</u>	<u>CHEST</u>	<u>WAIST</u>	<u>LENGTH</u>	<u>NECK</u>

COLLAR STAYS: The collar stays shall be of good quality Stalar Vinyl, 2-1/2" in length and 3/8" wide.

BUTTONS: All buttons except shoulder strap and pocket buttons to be finest government specification Melamine and shall match the shirt fabric. Shirts to have seven (7) buttons on front.

LABEL: Woven label to be sewn into collar seam on inside of shirt. The embroidery wording to contain the following: manufacturer, size, (collar and sleeve length), garment care, and type of fabric. If size will not fit on this label, additional small cloth tab with collar size on it may be sewn in seam next to larger label. Label to be fade and wash proof. Additional care label may be sewn inside front shirttail.

PRESSING & PACKING: All shirts to be pressed in conformity with good trade practice. Shirts to be folded and hand pressed, using jet clips. Two collar strips are to be placed in each side, one inside collar and the other outside.

CARE INSTRUCTIONS: Machine wash in warm delicate cycle. Wash darks separately. Use detergent, but not soap, bleach, or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

**FHPA
GABERDINE FEMALE TROUSERS**

MILL: Milliken

FABRIC: #7470

SHADE: #7754

COLOR: Brown

FABRIC: 100% texturized Polyester 2 Ply 11.25 Oz per linear yard. Gabardine weave. Gabardine finish used in the manufacture of these trousers is mandatory. Fabric to include Visa, a soil release finish that combines with it a color bright retention and moisture absorbency for maximum comfort.

Tensile strength should test to 278-lbs. warp, and 232 lbs. fill.

Tear strength should test to 13.5 lbs. Warp, 13.5 lbs. fill.

Color shall be rated on 40 hours lightfastness and against perspiration shade change (AATCC approved tests). Shrinkage allowance approximately 2%.

STYLE: The style shall conform to modern updated contour cut ladies uniform trousers. Plain front, 2 front and 2 back pockets. Front pockets are quarter top style with a minimum of 5" opening. The front pockets will have separate handset inside facing to give four-ply strength at the entry of the pockets. The front pockets will be hung to the side seam of the trousers and locked with a bar-tack at the top and bottom of the pocket opening.

The two back pockets will have a Reece piped entry. They will have a minimum opening of 5". Front and back pockets are to be stitched, turned and topstitched.

BELT LOOPS: All belt loops are to be lined and of double thickness butted on reverse side and blind stitched. They shall be a minimum of 3/4" wide by 2" long and are to be sewn into the waistband seam at top and bottom.

WAISTBAND: Outside waistband is to be a minimum of 2" wide, (self-material). It will be sewn to the waistband lining at top and waistband curtain is then blind stitched at the bottom.

WAISTBAND CONSTRUCTION: Right fly lining and crotch piece extension lined with same material as pocketing. (To be one piece and sewn down flat.) Left fly is to be lined and corded.

INNER WAISTBAND: Inner waistband to be Comfort in Action III with XI.91 interlining or pre-approved equivalent. Inner waistband to be composed in two parts, a 2-1/2" wide two-zone inner waistband and a 1" wide interlining of elastic. The 2-1/2" wide inner waistband shall be composed of a 4% nylon/86% Polyester/10% Spandex. It will have 45% manual elongation and a two-zone construction. The upper zone is stiff to give body to upper waistband portion and help prevent waistband rollover and ribbed to help hold shirttail in. The lower part is soft to stretch around the hips, supporting the slack. The 1" wide stiff elastic will be an interlining to form the cap of the trousers and help prevent waistband rollover. This elastic shall be composed of 5% nylon mono-filament/84% Polyester/11% Spandex with a manual elongation of 35% (+ or - 10%). Waistband is blindstitched, not topstitched to assure banding stretch. Bottom portion is specially beamed and warped in a diagonal twill portion of band, approximately 1/4" high letters (CIA III), with a 4.75" separation between each identification repeat.

ZIPPER & CLOSURE: Talon (Gripper-Zipper) #42 brass or equivalent will also have metal button stop, permanent press treated tape, hook-flex steel waistband closure.

STITCHING, PRESSING AND FINISHING: The trousers must be stitched with matching thread and all stitching must be 10-11 stitches per inch. The trousers must be neatly pressed on hot head presses and properly shaped. Outseams and inseams must be pressed open to maintain a neat and professional appearance. The trousers must be cleaned and finished to eliminate loose threads. There must be a Texpak clip attached to the top fly of the finished trousers to insure shape retention during shipping.

POCKETING: All pocketing will be made of a polyester/cotton blend permanent dress drill with an approximate content of 50% polyester/50% cotton in the spun warp-100% texturized polyester in the filling; for a total content of 70% polyester/30% cotton. Pocketing will harmonize with color of trousers and waistband. Pocketing shall test to a minimum abrasion of 225 cycles per ASTM D3886. (Inflated Diaphragm) for the uncoated area; Bottom of front pockets, (Aprox. 2-1/2"), shall be coated. Area shall test to a minimum abrasion of 1100 cycles before initial rupture. This shall substantially increase pocket strength over reinforced pockets without the unsightly ridges of double pockets.

STRIPE: A 1" stripe of Black gabardine, extending from waistband seam down. Stripe to be single stitched 1/16". Stripe to be turned under 3/8" and pressed flat before being sewn on. Stripe to measure exactly 1" at all points of trousers.

LABELING: All trousers will be finished with a woven (not printed) label, permanently affixed. It will include the correct fiber content of the fabric and identification of brands as well as garment care instructions.

CREASING: Front & Back fashion set permanent creases.

Fashion set is a special process for permanent front and back creases, formed by an invisible resin treatment. It is bonded to the inside of the trousers, insuring clean, sharp, straight creases. Fashion set is not a baked-in process that can burn or damage cloth fibers.

CARE INSTRUCTIONS: Machine wash in warm water delicate cycle. Wash darks separately. Use any detergent, but not soap, bleach or fabric softener. Tumble dry, low heat and remove promptly, Steam iron, using a low setting. May be dry cleaned.

SIZES: To be sizes 4 to 30 in open unfinished lengths to be hemmed to individual request.

All measurements are approximate and "based" on size 12. All other sizes are graded from these measurements according to size.

**FHPA
GABARDINE MALE TROUSERS**

MILL: Milliken

FABRIC: # 7470

SHADE: #7754

COLOR: Brown

FABRIC: 100% texturized polyester 2 ply 11.25 Oz per linear yard. Gabardine weave. Gabardine finish used in the manufacture of these trousers is mandatory. Fabric to include Visa, a soil release finish that combines with it a color bright retention and moisture absorbency for maximum comfort.

Tensile strength should test to 278 lbs. warp, and 232 lbs. fill.

Tear strength should test to 13.5 lbs. warp, 13.5 lbs. fill.

Color shall be rated on 40 hours lightfastness and against perspiration shade change (AATCC approved tests). Shrinkage allowance approximately 2%.

STYLE: The style shall conform to modern updated contour cut men uniform trousers. Plain front, 2 front and 2 back pockets. Front pockets are quarter top style with a minimum of 5" opening. The front pockets will have separate handset inside facing to give four-ply strength at the entry of the pockets. The front pockets will be hung to the side seam of the trousers and locked with a bar-tack at the top and bottom of the pocket opening. The two back pockets will have a Reece piped entry. They will have a minimum opening of 5". The left back pocket will have a tab to button closure. They will be bartacked on right and left side for extra strength. Front and back pockets are to be stitched, turned and topstitched.

BELT LOOPS: All belt loops are to be lined and of double thickness butted on reverse side and blind stitched. They shall be a minimum of 3/4" wide by 2" long and are to be sewn into the waistband seam at top and bottom. The middle back loop will be dropped at bottom and stitched.

This elastic shall be composed of 5% nylon mono-filament/84% Polyester/11% Spandex with a manual elongation of 35% (+ or - 10%). Waistband is blindstitched, not topstitched to assure banding stretch. Bottom portion is specially beamed and warped in a diagonal twill portion of band, approximately 1/4" high letters (CIA III), with a 4.75" separation between each identification repeat.

ZIPPER & CLOSURE: Talon (Gripper-Zipper) #42 brass or equivalent will also have a metal bottom stop, permanent press treated tape, hook-flex steel waistband closure.

STITCHING, PRESSING AND FINISHING: The trousers must be stitched with matching thread and all stitching must be 10-11 stitches per inch. The trousers must be neatly pressed on hot head presses and properly shaped. Outseams and inseams must be pressed open to maintain a neat and professional appearance. The trousers must be cleaned and finished to eliminate loose threads. There must be a Texpak clip attached to the top fly of the finished trousers to insure shape retention during shipping.

POCKETING: All pocketing will be made of a polyester/cotton blend permanent dress drill with an approximate content of 50% polyester/50% cotton in the spun warp-100% texturized polyester in the filling; for a total content of 70% polyester/30% cotton. Pocketing will harmonize with color of trousers and waistband. Pocketing shall test to a minimum abrasion of 225 cycles per ASTM D3886. (Inflated Diaphragm) for the uncoated area; Bottom of front pockets, (Aprox. 2-1/2"), shall be coated. Area shall test to a minimum abrasion of 1100 cycles before initial rupture. This shall substantially increase pocket strength over reinforced pockets without the unsightly ridges of double pockets.

STRIPE: A 1" stripe of Black gabardine, extending from waistband seam down. Stripe to be single stitched 1/16". Stripe to be turned under 3/8" and pressed flat before being sewn on. Stripe to measure exactly 1" at all points of trousers.

LABELING: All trousers will be finished with a woven (not printed) label, permanently affixed. It will include the correct fiber content of the fabric and identification of brand as well as garment care instructions.

CREASING: Front & Back fashion set permanent front and back creases. Fashion set is a special process for permanent creases, formed by an invisible resin treatment. It is bonded to the inside of the trousers, insuring clean, sharp, straight creases. Fashion set is not a baked-in process that can burn or damage cloth fibers.

CARE INSTRUCTIONS: Machine wash in warm water delicate cycle. Wash dark separately. Use any detergent, but no soap, bleach or fabric softener. Tumble dry, low heat and remove promptly, steam iron, using a low setting. May be dry cleaned.

SIZES: To be sizes 28,29,30,31,32,33,34,36,38,40 to 50 in open unfinished lengths to be hemmed to individual request.

All measurements are approximate and "based" on size 34. All other sizes are graded from these measurements according to size.

GENERAL SPECIFICATIONS PATCHES

See attached drawing for size, shape, color and general layout. Successful bidder shall be furnished samples of items for exact color, layout and size.

All stitching, inner and outer borders are to be lock-stitched (not running stitches) to prevent raveling. To have embroidered border and no raw edges.

Patches must be machine embroidered.

Background Material: To be Polyester/Cotton Twill; to be first quality and not mill seconds. The material must be colorfast and washable, approved by the American Institute of Laundering. To be 6-1/2 or 7-1/2 ounce, cotton/polyester, permanent press, cured and preshrunk.

Thread: Must be rayon yard, continuous filament regenerated cellulose type, fast dyed, washable.

There shall not be any "bleeding" through of background material color. There must be sufficient underlay stitching to give a full three-dimensional appearance to the design. Single thread stitching must be used throughout.

Over-lock borders will be applied in such a manner as to prevent them from pulling loose from the edge of the emblems and will be of a density sufficient to completely cover the fabric edges of the emblems.

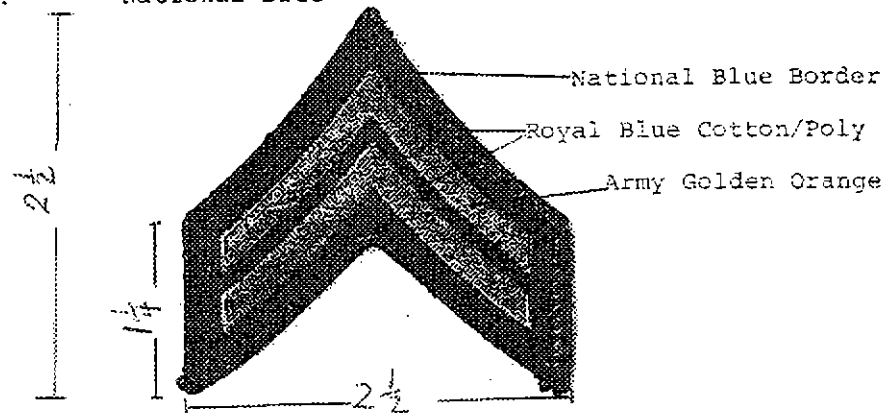

A plastic film or plasticized non-woven must be bonded to the reverse side of the emblems with sufficient heat and pressure to cause the film to melt and bond to the fabric and bobbin threads. The backing must be applied in such a manner as to preclude crushing, flattening or depressing of the embroidery. The backing material must be completely coated.

Workmanship:

- A. The finished emblems must be cut to the exact shape and geometry of the approved design.
 - B. There is to be no distortion of the exterior shape of the emblems.
 - C. Must be clear-cut, neatly made and with full tension on all threads.
 - D. The finished emblems must show no broken stitches, nor may any stitches be out of proper alignment.
 - E. The emblems must not curl and must appear flat and smooth after attachment.
10. All materials used must be colorfast and washable, approved by the American Institute of Laundering.

HOLSTERS
BERETTA 96G SEMI-AUTOMATIC PISTOL

MODEL: Safariland model 070. NO SUBSTITUTIONS

SPECIFICATION: Holsters will be of the top draw configuration and constructed utilizing a suede liner, two layers of acrylic PVC copolymer with the outer surface high gloss black Porvair. Holster layers will be glued and heat laminated and stitched along the entire edge. Holsters will have a defined sight slot and locking indentation at ejection port. The face of the holster will have a safety strap which folds between grip tang and hammer to mating thumb release tab. The bottom rear of holster will be secured with a T-nut and hardened machine screw. The belt line of the holster will be girded with a safety strap secured at front with a non-functional snap cap. Snap cap to be black in color.

The rear of this safety strap will be slotted to accommodate a Chicago post screw. The safety strap will extend to a point for a natural release with a second finger when acquiring a shooting grip on the handgun. The thumb and finger straps must both be released before drawing handgun is possible. Holster will have a formed belt loop, Porvair, attached with three screws, anchored to T-nuts imbedded in holster body. All edges will be sanded smooth.

Drawing of weapon may only accomplished by releasing both safety straps and rocking butt of gun rearward to release ejection port lock.

Holster to hold a Beretta Model 96G .40 Caliber Semi-Automatic Pistol.

AMMO POUCHES

Finish to be hi gloss Clarino or equal snaps to be available in nickel and brass. Brass snaps must be solid and not coated nickel.

Ammo pouches are for Beretta 96G 40Cal Semi automatic pistol.

Model:

Mixson

Nickel 3402717H

IDENTICAL TIE BIDS - Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

- 1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- 2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
- 3) Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
- 4) In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
- 5) Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- 6) Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this firm complies fully with the above requirements.

BID BOND

TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA
Hartford, Connecticut 06183

Bond No.

KNOW ALL MEN BY THESE PRESENTS,

MARTIN'S UNIFORMS, DIV. OF SUPERIOR UNIFORM GROUP,

That we, INC.

as Principal, hereinafter called the Principal, and
TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA, of Hartford, Connecticut, a corporation duly
organized under the laws of the State of Connecticut, as Surety, hereinafter called the Surety, are held and firmly bound
unto CITY OF MIAMI

as Obligor, hereinafter called the Obligor, in the sum of Five Percent of Amount Bid Dollars
(\$5% of Amount Bid), for the payment of which sum well and truly to be made, the said Principal and the said Surety, bind
ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, the Principal has submitted a bid for
Uniform clothing & accessories bid #013-01

NOW, THEREFORE, If the Obligor shall accept the bid of the Principal and the Principal shall enter into a Contract with
the Obligor in accordance with the terms of such bid, and give such bond or bonds as may be specified in the bidding or
Contract Documents with good and sufficient surety for the faithful performance of such Contract and for the prompt
payment of labor and material furnished in the prosecution thereof, or in the event of the failure of the Principal to enter
such Contract and give such bond or bonds, If the Principal shall pay to the Obligor the difference not to exceed the
penalty hereof between the amount specified in said bid and such larger amount for which the Obligor may in good faith
contract with another party to perform the Work covered by said bid, then this obligation shall be null and void, otherwise
to remain in full force and effect.

Marie C. Tetreault

CERTIFICATE

I, the undersigned, Assistant Secretary of TRAVELERS CASUALTY AND SURETY COMPANY OF AMERICA, TRAVELERS CASUALTY AND SURETY COMPANY and FARMINGTON CASUALTY COMPANY, stock corporations of the State of Connecticut, DO HEREBY CERTIFY that the foregoing and attached Power of Attorney and Certificate of Authority remains in full force and has not been revoked; and furthermore, that the Standing Resolutions of the Boards of Directors, as set forth in the Certificate of Authority, are now in force.

Signed and Sealed at the Home Office of the Company, in the City of Hartford, State of Connecticut. Dated this 20th day of  March, 2001.

By 
Kori M. Johanson
Assistant Secretary, Bond

SECRETARY'S CERTIFICATE

I, the undersigned, Secretary of SUPERIOR UNIFORM GROUP, INC., a Florida Corporation, do hereby certify that at a meeting of the Executive Committee of the Board of Directors of said Corporation, duly called and held on the 10th day of March, 1998, the following resolutions were unanimously adopted and recorded in the minute book of said Corporation and are now in full force and effect, to wit:

"RESOLVED, that the Chairman and Chief Executive Officer or Co-President or any Vice President of the Company, and their designees, be authorized to sign and submit bids of the Company on contracts to be let by governmental or quasi-governmental authorities, to include therein such certifications as may be required in connection with such bids, and to execute contracts binding upon the Company; and further

RESOLVED, that the Secretary of the Company is authorized to execute certificates of these resolutions when and as required."

I further certify that the Chairman and Chief Executive Officer of SUPERIOR UNIFORM GROUP, INC. has heretofore designated each of the following persons pursuant to the foregoing resolutions:

Sherwin J. Klein
Richard Morelli
David Payne
Steve Stidham
Phillip Medintz
David Muar
Lewis Shubin
(Sope Creek Division only)

Brian Confer
(Universal Cottons Division
and Fashion Seal Hospital
Bag Division only)
Darryl Plaisance
(Louisiana and Mississippi only)
Steve Tinney
(Empire Division only)
Pam George
(Worklon Division only)

that such designation appears in the minute book of said Corporation, and it has not been revoked.

IN WITNESS WHEREOF, I have hereunto set the seal of said Corporation and executed this certificate the 10th day of April 2000.

February 27, 2001

RECEIVED MAR 02 2001

Addendum #1
ITB No. 013-01
Florida Highway Patrol uniforms and accessories
Due 2:30 P.M.
March 20, 2001

Dear Sir or Madam:

The subject Invitation to Bid on page 10 in paragraph "SPECIAL ORDERS" calls for vendor to provide % increase for special order sizes. Original bid pages. Attachment A. does not allow a space for such: therefore ITB No. 013-01 is hereby amended as follows:

Remove pages 10, 114, 115.
Insert pages 10, 114, 115 (Revised 2/27/2001)

Also, on page 13, in paragraph "MANAGEMENT REPORTS" wording is incorrect. therefore:

Remove page 13 .
Insert page 13 (Revised 2/27/2001)

It will not be necessary to sign and return a copy of this Addendum #1.

All other terms and conditions remain unchanged.

Failure to file protest within the time prescribed in Section 120.57(3), Florida Statutes, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes. Any notice of protest or protest to this solicitation which was filed prior to this posting is null and void.

Thank you for your consideration.

Sincerely,

Russ Rothman, CPPO
Chief of Purchasing and Contracts

March 20, 2001

Addendum #2
ITB No. 013-01
Florida Highway Patrol uniforms and accessories
Due 2:30 P.M.
March 26, 2001

Dear Sir or Madam:

The subject Invitation to Bid has received questions on specifications pertaining to uniforms. **The bid opening date for this bid has been postponed to March 26, 2001.** Vendor questions can be found on the attachment. Answers to those questions are listed below.

Question 1.

The specification is correct; shirts are held closed by zipper, which is concealed by buttonhole/button flap. Only the top, first and bottom button holes/buttons are functional.

Question 2.

STYLE: reference to "Banded collar" should be changed to read "Convertible collar".

Question 3.

FLAPS: reference to "Flaps to have 1/16 stitched permanent crease" should be deleted. No flaps on any shirt specified in this bid are to have "stitched permanent crease".

It will be **necessary to sign and return a copy** of this Addendum #2 and return by FAX to (850) 922-6273, or by mail, courier or hand delivery, no later than 2:20 PM, March 26, 2001.

All other terms and conditions remain unchanged.

Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes. Any notice of protest or protest to this solicitation which was filed prior to this posting is null and void.

Thank you for your consideration.

Sincerely,

Russ Rothman, CPPO
